THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Vol No. 103

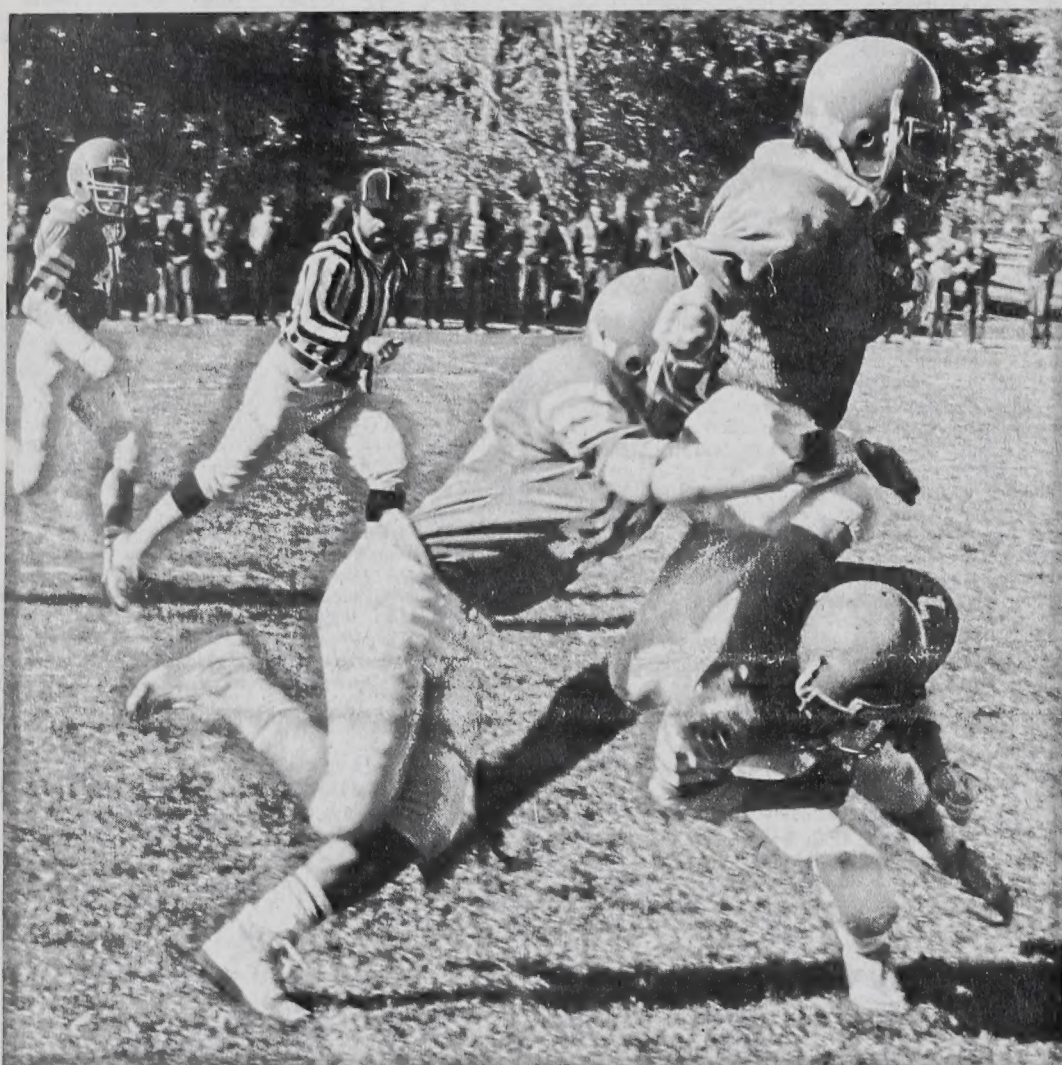

No. 2

Thursday, October 11, 1984

'Voice of the Highlands'

14 pages

40 cents

Two senior Redmen defensive players are about to bring down an LCVI ball carrier during action last Friday at HHSS. The Redmen will not see action this

week, but will play a sudden death semi-final next Thursday in Haliburton. Both Redmen teams now have a record of three wins and one loss.

Site for Nordic track chosen

The Haliburton Highlands Nordic Trails association has chosen the Jim Beef Lake area for its proposed 25 kilometre World Cup competitive ski trail.

Curtis Eastmure of Maple Sands resort, spokesman for the association, said the Jim Beef area is selected on the recommendation of Bill Rickhart, a technical delegate to the Canadian Ski Association and the man responsible for track setting the Olympic course at Lake Placid, who has been assisting the local association with its linked trail

project.

"He came up and looked at the trails with respect to the competitive aspect," Eastmure said.

Three areas were considered for the proposed World Cup trail - the Jim Beef-Soyers Lake site, Haliburton to Eagle Lake and Sir Sam's, and the Camp Wanakita area. Jim Beef was ranked first, with Eagle Lake second and Camp Wanakita third, Eastmure said.

The Jim Beef area has a number of desirable physical qualities, including an elevation change of 250

feet through rolling hills, mixed vegetation, some open fields for variety, several scenic viewpoints, very few low wet areas, good access, nearby accommodation, and existing trails for part of the route. The Eagle Lake location had greater elevation gain, at 400 feet, but much of it is a plateau, and there are a number of swamps along the proposed route, Eastmure said. Camp Wanakita, the third choice, has only 150 feet of elevation change, dense and monotonous

Seawind filmed for Expo '86

Provincially backed documentary to focus on transportation

Seawind, the all-fibreglass amphibious aircraft for homebuilders which is being produced by a Haliburton-based company is expected to appear in a film to be shown at the Ontario pavilion of the Expo 86 world exposition in Vancouver.

Film-makers under contract to the provincial Ministry of Transportation and Communications spent several hours in the Lake Kashagawigamog area last Monday to shoot sequences involving the Seawind.

Len Creelman, president of Rodlen Aircraft, the company responsible for Seawind's development, said the plane was chosen to

be part of the film because of its unique design.

A highly sophisticated, multi-image, three-dimensional camera system was used to film some of the Seawind's takeoffs, landings and low level fly-pasts, while conventional 35 mm. movie camera's also were utilized.

Creelman estimated that about four minutes of film were shot during the day's activities in Haliburton, and said he "would be surprised" if the seawind sequences comprise more than about 30 seconds of the finished film, which will focus on transportation and communications in Ontario.

Following the filming, Seawind

was disassembled and transported back to the company's workshop near Haliburton, where further modifications to the aircraft's fuselage will be made in order to improve take-off and landing performance.

Later this year the first "proof kits" of the Seawind are expected to be produced. These will be sent to interested builders who will help the company identify any problems with the assembly process. Once any difficulties have been ironed out, production of components for the hundreds of home builders who have indicated an interest in the aircraft, will begin.

Cottagers compromise to end lot controversy

In a bid to settle the controversy surrounding an undersized lot on Soyers Lake, the ratepayers association has proposed a compromise that would require all parties in the dispute to make specific concessions.

The lot, known as Block A, Plan 561 is located in an area of the lake known as "Poverty Bay". It is contiguous with an unopened road allowance, and formerly belonged to the Municipality of Anson, Hindon and Minden, which got title to it when a developer created a number of lots in the immediate area.

Controversy over the lot began in July, 1983, when it was transferred to developer Gary Vasey in a deal that gave the municipality title to the former Welch property beside the Bank of Montreal in the village of Minden. The lot had been zoned 'open space' under restricted area by-law 14-67, and was too small to permit a dwelling under the provisions of that by-law. But in March, 1982 it was rezoned residential under zoning by-law 82-11, an ill-fated document that was never formally adopted and was subsequently dropped because of a spate of objections from ratepayers. Although the lot's 71 feet of lake frontage was nine feet short of the 80 foot minimum by-law 82-11 and is 29 feet of the requirement under the present by-law 14-67, it was considered a legal building lot when by-law 82-11 was drafted because it was already in existence. The property was transferred to Vasey on June 9, 1983 and by-law 82-11 was not rescinded until July 26, 1983.

When Vasey sold the lot to a man named Cotton, however, it was not a legal building lot under the terms of the zoning by-law 14-67 to which the municipality reverted after dropping by-law 82-11.

The situation is further complicated by the fact that the buyer apparently is in possession of a letter signed by members of a previous council stating that he would be given a building permit for

the lot despite its limited lake frontage. Cotton purchased a Viceroy cottage on the strength of that letter, but in response to protests from an adjacent property owner and the ratepayers association executive, council sought legal advice and had a stop work order posted on the property in July of

come up with what it thinks is a solution that would keep the matter out of the courts and assuage frustration on all sides.

Association director Burt Tait told the group's fall meeting on Sunday that four aspects to the problem need to be recognized. When Cotton bought the property he was

A proposal worth considering ...see page 4

this year. Construction of the cottage has continued, however, prompting council to seek further legal advice. A report on the matter is expected to be presented to council on Thursday.

In the meantime, the executive of the Soyers Lake association has

sure he could erect a cottage on it, Tait said, adding that this would give Cotton a "leg up" in any court case. The adjacent property owner, Brian VanKoughnet, purchased land which at the time had open space beside it, and was under the

Soyers Lake association wants changes in plan

Soyers Lake Ratepayers Association has endorsed a resolution from one of its members which advocates changes in several clauses of Anson, Hindon and Minden's recently completed draft official plan. The clauses appear in Section 11 of the plan and focus on waterfront development.

Burt Tait, a member of the association's executive, proposed the changes following a brief presentation of the major points in the plan by association president Lew McCriston at the group's fall meeting.

In Clause 11.2.4 dealing with the development standards, Tait suggested that the word 'will' in a sentence reading "backlot development will be permitted and a minimum lake frontage of 40 metres per lot will be required" should be changed to "shall", particularly with reference to the lake frontage requirement. Tait said that while

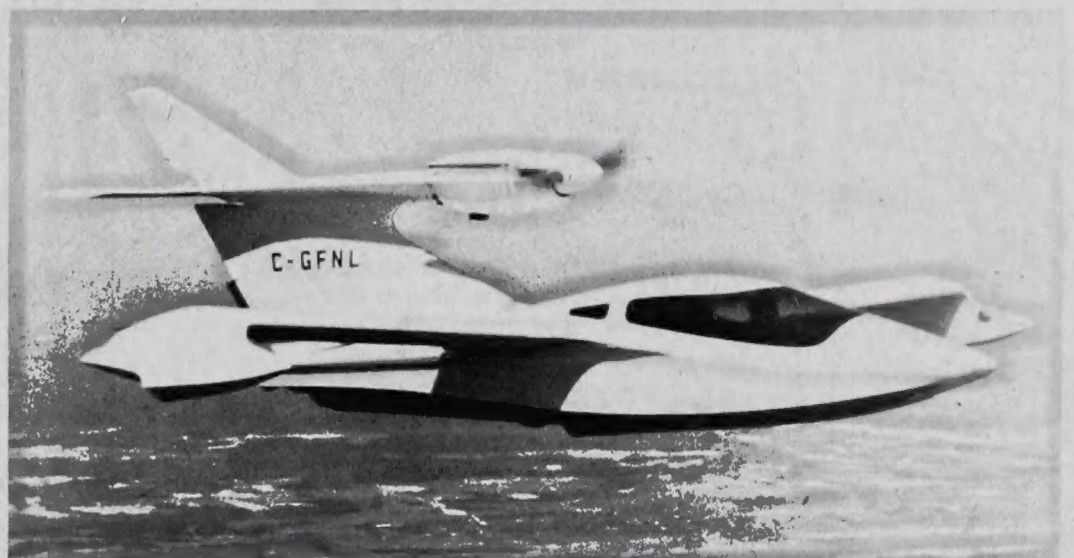

the suggested change might seem a minor one, the word "shall" has stronger emphasis in a legal sense.

Earlier, McCriston indicated that he felt the 40 metre minimum was adequate, although "somewhat less than (the association) had advocated" in discussions with council. McCriston emphasized that the 40 metre waterfront should be treated as "a minimum", and ought not to mean that all development on the lake should be based on 40 metre lots.

Tait's resolution also called for a change in the wording of Clause 11.2.7 dealing with public access to lakes. In the draft official plan, the clause states that "In recognition of the importance of water-based recreation to residents and visitors, it is the policy of Council to increase the number of public access points to Township water bodies".

Tait said he felt the intent of the

The Seawind aircraft designed and built by a Haliburton-based company will be featured in a film to be shown at Expo 86 in Vancouver. The plane was

filmed at Lake Kashagawigamog last Monday, as is seen here during earlier flight testing.

Police News

Occurrences

During the period October 1 to 7, personnel at Minden Detachment investigated the following occurrences: 46 general occurrences including 11 break-ins, five thefts and five liquor infractions. There were 10 motor vehicle accidents resulting in one minor injury.

Liquor Store break and enter

An attempt was made to break into the Gooderham Liquor Store Saturday night by forcing open the main entrance door. This attempt set off the alarm system which apparently frightened off the would-be thieves. No entry, and therefore, no theft occurred.

Quiet week

There were no major crimes or accidents during the past week in the Minden Detachment area. Many persons were in the County and traffic volume was high but no serious police-related events occurred.

Bicroft council

Bicroft Township council met September 27 and considered the following matters:

Accounts of \$37,845.01 were passed for payment.

Adrienne Greaves, Denise Fitzgerald, Victor Dunk and Jack Moore were appointed to the Township Recreation Committee. A recorded vote was requested: Yea: Todd, Easton, Fraser. Nay: Dickinson.

Steve Ryan was authorized to contact a pool representative to advise of any necessary repairs and cost of same for all aspects of swimming pool operation.

Randy Dewey will replace

Allan Stringer on the Bicroft Volunteer Fire Department, effective September 1, 1984, subject to a three-month probationary period and receipt of a clear medical certificate. Dale Woodcox will become Deputy Chief in place of Allan Stringer.

Council concurred with the resolution of the Village of Zurich in regard to amendments to the Blueprint on Waste Management regulations. Copies of this resolution will be forwarded to designated officials.

A quotation of Frank Cowen Company Limited was accepted in the amount of \$4,241 for insurance for the year 1985.

Monmouth minutes

A regular meeting of Monmouth Township was held October 1 and the following matters were considered:

General voucher No. 9 of \$81,582.07; roads voucher No. 9 of \$4,727.08; and welfare payroll No. 9 of \$2,612.58 were approved for payment.

Council accepted a transfer of portions of land from Ministry of Transportation and Communications as shown on sketches.

Council authorized the

reeve and clerk to sign the release and affix the Corporate Seal re Wilberforce Plaza and pass the associated By-law 84-10 as proposed.

Council invited applications for the position of full-time caretaker and assistant caretaker for the arena, such applications to be accepted no later than November 1, 1984 at 4:00 p.m. at the township rate.

It was resolved to purchase aluminum storms for the manse for \$863 plus tax.

Eakins seeks nomination for an upcoming election

Incumbent Liberal MPP John Eakins plans to seek another term at Queen's Park when the next provincial election is held, probably next spring.

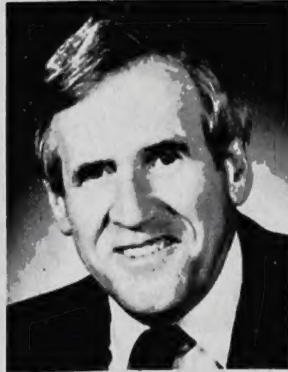

Eakins announced recently that he will seek the Liberal nomination in the provincial riding of Victoria-Haliburton at a meeting called for Friday, October 19 at the Royal Canadian Legion Hall in Lindsay.

In a press release, Eakins said: "The encouragement I have received from constituents in all parts of the riding has indeed encouraged me in my decision to seek another term" as provincial member for the area.

"During the nine years that I have been privileged to represent this riding, many positive results have been realized and a great many constituents (have been) assisted with their problems," Eakins commented in his press release.

The Victoria/Haliburton MPP recently chaired a task force which travelled the province examining some of the problems faced by the people of rural Ontario, and said he "will be reporting to the people of Ontario on this aspect very shortly."

"The future life of our rural communities is personally im-

portant to me and must be seriously addressed by those in positions of leadership," Eakins said.

"If successful in my nomination, I will look forward to discussing the issues of the day, as well as defending my nine years of stewardship at Queen's Park," he concluded.

Minden council minutes

At the most recent meeting of Anson, Hindon and Minden council, the following matters were considered:

D. Moulds, manager, and Martin McCormick, program officer, of CMHC, Peterborough, attended to make a presentation to council and members of the public regarding the Rural and Native Housing program. Moulds outlined the development of this program federally, provincially, and finally as it has applied to the immediate area. Moulds then accepted questions first from members of council and then from members of the audience. Among others who posed questions was Brendon Berube representing residents of Highland Gate Estates in Minden.

Bern Berry, representing seven families who live in the immediate area of this subdivision, attended to request council to assume the roadways servicing these lots as soon as possible. He indicated that the previous owner had not, in his opinion, kept the roads adequately maintained, and expressed a strong concern that this situation might remain the same or worsen now that most of the lots in this subdivision have been sold to a new

development firm. This request was referred to the Roads Advisory Committee for immediate investigation and resolution.

R.C. Schell, delivered a verbal report to council concerning existing and potential public access points to Brady Lake. Schell filed sketches of the existing access points showing the extent of land involved and surrounding land uses. He also confirmed that the concession allowance leading from an existing township road to the north side of the lake was comprised of very swampy ground. Council requested that Schell work with the road superintendent Earl Kent and produce development estimates for all three sites for consideration.

A letter from B.D. Van Koughnet was read which expressed his concern regarding the residential construction which is proceeding on this property in the face of a Stop Work Order. Van Koughnet was present and spoke of his strong desire to have the municipality act on this violation immediately. Council confirmed that this matter had been placed in the hands of the municipal solicitor and that no decision can be made until a legal

report has been made available. The clerk confirmed that such a report will be delivered to council in the very near future.

R.C. Schell, Chief Building Official, reported that the Minden Curling Club has proposed to erect a canopy structure at the existing entrance to the building to protect same from precipitation. The members of council indicated that they supported this proposal.

R.C. Schell, Chief Building Official, filed with council a report which summarized all 1984 building starts from January 1 to August 31 by category.

R.C. Schell and Bev Millar were requested to collect estimates on installation of flashing, completion of exterior window trim and repainting of exterior trim on two sides of the municipal building for council's consideration.

The following accounts were approved for payment: general, \$69,054.40; sewer, \$11,425.87; and water, \$687.10.

The Saturday and Sunday rental fees of the community centre for the 1984 Agricultural Fair, in the total amount of \$333.30 will be borne by the municipality's

Community Celebrations account as part of council's bicentennial celebration costs.

Deputy-Reeve E. Pergolas generally discussed the principle of assisting community groups which donate profits to municipal recreation projects, and indicated that he planned to draft a resolution in this regard for council's future consideration.

A resolution received from the Corporation of the Town of Zurich was deferred to the next regular meeting of council pending comments from the standing committee on Waste Management.

An offer to renew lease with the Ministry of Government Services covering the rental of court facilities, including the committee room, for an annual payment of \$4,981.68, payable \$415.14 monthly in advance, for the period January 1 - December 31, 1985 was approved and previous Resolution No. 84-235 was rescinded.

A request for the municipality to assume Bissett Court was received from the solicitor for the subdivider. The clerk was requested to advise that council would be prepared to assume this roadway into the municipal system.

Board of Education

A regular meeting of the Haliburton County Board of Education was held in the board office on Tuesday, September 25, 1984, commencing at 8:00 p.m. Present were: Bonnie-Lee Berry, chairman of the board, Ross Anderson, Lynn Craigmyle, Kelly Crick, LeRoy Eager, Julie Hunter, Dorothy Kinsman, Linda Mumford, Brian Sisson, Nancy Stinson, George Simmons, David Villard, Paul Wilson, Stuart Baker, director of education, Stanley Baker, business administrator. Absent were: Cheryl Murdoch and Leonard Salvatori.

Also in attendance at the meeting were: Leonard Pizzev - Haliburton County Echo, Michael Shirley - The Times, Minden, Lynda Easton and Rosemary Malott - elementary school teachers, Roger Campbell - bus operator.

The Board moved into Committee-of-the-Whole for the purpose of discussing salary and personnel matters.

When the regular session resumed the Board decided it would provide a teacher's aide for three hours per day for a kindergarten class with an enrolment of 25 to 29 students and five hours per day for a kindergarten class with an enrolment of 30 or more students. This support service will begin October, 1984. These enrolments will be reviewed annually in September and January.

The Board will hire a teacher's aide to work in the Special Education class at the Cardiff Elementary School, commencing October, 1984. This person would work a four and a one-half hour day, five days per week.

Motion 117-84 was amended to include the name of Stanley Baker.

Trustees approved the field trip to Camp Wanakita on September 20 and 21, 1984 for the Grade 8 students of the J. Douglas Hodgson Elementary School.

An agreement between the bus operators and the Board, as proposed by the members of the Transportation Committee, was ratified.

Approval was given for the transfer of Donald Ross's bus route to Campbell Bus Lines Limited, effective September, 1984.

The Board decided it is in agreement with the transfer of the Grenville Graham bus route to Northern Ways Transit Limited, effective September 6, 1984.

The Board approved the list of approved drivers for charter trips as recommended by the Transportation Committee.

Brian Dean received permission to leave the school at 2:20 p.m. on Wednesday afternoons from September 26 to December 12, 1984 for the purpose of attending a Special Education course. The Board will make no deduction in salary, and recognized the extra work that Dean has done in the summer to help with the smooth operation of the Cardiff school.

A committee has been struck to study the possibilities of semestering the secondary school. The Board members will have representation on this committee as will the staff of the secondary school. The secondary school principal and director of education will also be part of the committee. This committee will report back to the Board with recommendations when the study has been completed.

Trustees ratified the hiring of Penny Obee - Grade 3 teacher for the Archie Stouffer Elementary School in Minden, effective September 4, 1984.

Julie Kennedy will return from her maternity leave to teach French on a half-time basis in the J. Douglas Hodgson Elementary School, commencing September 12, 1984.

The Board accepted the recommendation of the children's Services Advisory Committee as follows: "The Children's Services Advisory Committee agrees to administer the salaries of the case co-ordinator and secretary of the Children's Services Case Co-ordination Program for the period April 1, 1984 to March 31, 1985, as arranged with the Ministry of Community and Social Services."

The business administrator was authorized to have a steel fire-rated door, with panic hardware on the inside, installed in each of the three portable classrooms located on the Victoria Street

Wording changes sought

from page 1

clause was "quite contrary" to an earlier clause (11.1.2) which states that lakeshore development should be permitted "while maintaining the quality of lake environments throughout the Townships". He suggested that the phrase "increase the number of" should be altered to "maintain an adequate number of", and that "wherever possible" should be deleted.

Tait's resolution also called for a change in Clause 11.2.8, dealing with private roads. He urged adding the words "on private roads" after the phrase "new building lots" in a sentence stating that "severances for the purposes of new building lots may be permitted in the waterfront designation subject to the policies of Section 19, Severances".

Tait's suggestions were supported by the association in a vote of members present at last Sunday's meeting.

In his summary of the major points of the plan, McCorriston indicated he is pleased that it recognizes the fact that growth in the municipality will result primarily from the conversion of cottages to permanent residences.

"That's something we've been aware of for a long time," McCorriston told the meeting, adding that in effect, the new official plan eliminates the idea of seasonal residences, with the understanding that conversion of cottages will not bring about an increase in municipal services.

Tait's resolution and other comments from the association will be aired at a public meeting on the draft plan scheduled for November 1.

Leaves reached the peak of their colour over the Thanksgiving holiday and many area residents, cottagers and visitors spent part of the weekend touring the countryside in search of scenes like this one on

Williams Road near Ingoldsby. Warm weather is expected to move into the area later this week, but wintry weather is not many weeks away.

Compromise advocated

from page 1

impression that it would remain parkland. He therefore located his cottage quite close to the lot line on the parkland site to maximize his privacy from property on the opposite side. The developer named Ross who got approval for backlots in the area in 1975, apparently understood that the parkland would provide water access to future purchasers of those lots, which have yet to be sold. Fourthly, Tait said, there is an unopened road allowance beside Cotton's property which may be an important element in resolving the conflict.

Tait said the association will suggest to council that the road allowance be stopped up, closed, and half or all of it conveyed to Cotton. If that was done and at least 33 feet added to the 71 foot long shoreline of the present Block A, it would become a legal-sized cottage lot.

Tait suggested the land could be given to Cotton if he agreed in turn to relocate his cottage at least 20 feet further away from VanKoughnet's lot line. The association director estimated the cost of moving the structure at \$50,000, which he said is less than the value of the additional land that would be transferred to Cotton.

These measures "would help improve the situation," Tait said.

"That's the best we can think of".

If the various parties want to initiate lawsuits they can, Tait said, but he added that he didn't think it would be in anyone's best interest to follow that course of action.

Several ratepayers took Cotton's side in the issue, saying that an exception should be made to the various regulations surrounding the legality of the cottage and defiance of the stop work order because he has invested an estimated \$45,000 in the project. One woman said she had circulated a petition in support of Cotton to property owners in Poverty Bay and sent it on to council. It was also suggested that if the cottage erected by Cotton has to be moved it should be at council's expense.

When the arguments began to lean toward the people involved rather than the principles, association president Lew McCorriston steered it back to a discussion of Tait's suggestions, emphasizing that support for a resolution containing Tait's proposed compromise would entail support for the principle of adhering to specified lot frontages and other zoning regulations.

When the matter was put to a vote, it was supported by the majority of the 40 or so members who were on hand for the meeting.

The ideas will be passed on to council for consideration.

Date set for annual Snowarama in Haliburton and Minden areas

Saturday, January 26 has been set as the date for the annual Snowarama ride for Timmy in Haliburton and Minden.

Organized by the Rotary Clubs of each community, the 100 kilometre ride is part of a province-wide fund-raising effort for the Easter Seal Society of Ontario which assists physically handicapped children.

The first Snowarama was held in

1974, and the event has been held annually ever since.

The 1984 version of the ride raised a total of almost \$1 million with events in 39 areas, including the two local routes.

A number of cross country ski clubs will support the effort this year by holding rallies over shorter routes. To date no cross country event for Timmy is planned in Haliburton County.

HAVE committee pleased with success

Buoyed up by the success of its walk for wells campaign in early June, the local Help A Village Effort (HAVE) committee will continue efforts to raise funds for projects in Third World countries, and hopes to double its membership by the end of this year.

Speaking at the group's annual meeting in Haliburton, chairman Gerry Feltham said residents of the county "have demonstrated through their contributions, their words of encouragement and their voluntary involvement...that they want to support an organization which is dedicated to the development of the poorest of the poor in Third World countries."

The organization's main projects have been a talent night with proceeds going to HAVE projects, and the Walk for Wells which raised almost \$11,000 to support well drilling efforts in rural India. Largest single contribution to the walk came from the Haliburton Rotary club, which donated \$1500, but money also came from contributors in the area, other parts of Ontario, Quebec and the USA, Feltham said.

The Canadian International Development Agency has been asked to provide a grant to the well drilling project matching the amount raised through the walk, Feltham indicated in his report.

Other projects to which the local HAVE committee has contributed include construction of a chapel in

the village of Imbrahimpuram and arranging sponsors for four orphaned teenage girls.

"Although HAVE's involvement in Third World development is rather minute in light of the enormous need... through the committee's efforts hundreds of people

in our area and beyond have already touched the lives of thousands of people in villages on the other side of the earth," Feltham said. "Through our contacts in India, these villagers are being made aware that Canadians do care about their plight".

"Without HAVE's efforts, the needs of these particular people would most likely remain unmet," Feltham said.

Feltham presently is in India making final arrangements for the committee's well drilling projects to get underway.

Location chosen for competitive track

from page 1

forest cover, a large marsh, and difficult access, Eastmure said.

Efforts will now be made to secure the necessary permissions from property owners over whose land the trail would pass, Eastmure said. In the meantime, work is underway on the association's main project of linking existing cross country ski trails throughout the county.

Consultant Mike Exall will supervise cutting operations to tie trails in the various townships into one huge system of track set and groomed routes. Much of the work will be carried out by crews employed on government projects sponsored by local municipalities. Between 10 and 15 people are expected to be hired in Dysart, 10 in Stanhope, and three in Glamorgan. Dysart et al parks supervisor Ian Douglas will assist Exall in directing the cutting crews.

The association is also studying the best way to levy and collect user

fees to finance ongoing maintenance and grooming of the linked trail system, Eastmure indicated.

"We're really starting to move with promotion too," Eastmure said. The Association was represented at a ski show in Toronto last weekend, and has purchased the front cover of a winter guide and map produced by the Central Ontario Travel Association.

Consultant Mike Exall "has excellent contacts", Eastmure said,

and has assisted the group in getting radio air time in Toronto to promote the new trail system. As well, representatives of the Ontario ski council and a major equipment manufacturer have expressed interest in the project and visited the county to view it first hand.

Majority of the trails are expected to be completed this winter, while the 25 kilometre competitive track is scheduled to be constructed in time for the winter of 1985-86.

Theatre group rehearse musical

The Highlands Little Theatre group is stretching its wings a little further this fall. Its eleventh production, currently in rehearsal, is the musical 'You're a Good Man Charlie Brown', an off-Broadway hit based on the popular 'Peanuts' comic strip. It is the first time the group has attempted a musical, although its previous productions

have played to appreciative audiences.

The show will be brought to the public on November 15, 16 and 17, with a matinee performance on the 17th as well as an evening presentation.

Case of the show includes several new faces as well as a number of

Compromise

Anson, Hindon and Minden council is feeling the effects of an enormous headache and it may have to swallow a large and bitter pill to effect a cure. The headache began more than two years ago when a lot on Soyers Lake was transferred to developer Gary Vasey in partial exchange for the Welch property on the main street of Minden village, and after an extended lull, it is once again pounding with full force.

At the heart of council's problem is the fact that a previous council apparently paid less attention than it should have to the ramifications of a zoning change on the Soyers Lake lot, known as Block A, Plan 561. When it was obtained by the municipality in 1975 as part of a subdivision agreement with a developer named Ross, it was zoned open space for parkland purposes. In 1982, however, the lot was quietly rezoned under the provisions of a new zoning by-law 82-11, which was never officially approved by provincial authorities and was subsequently abandoned in favour of the previous by-law, 14-67. The problem-plagued by-law 82-11 was being used by the municipality when the lot was transferred to Vasey in the Welch property deal. The by-law would have allowed a dwelling to be built on the property even though the water frontage of the lot was nine feet less than the required 80 feet. Reversion to by-law 14-67 meant that the lot was 29 feet under the minimum for waterfront development, but the damage was already done. Vasey subsequently sold the lot, and the purchaser received assurances, apparently from the municipality, that he could erect a cottage on the property.

Council investigated the matter, and on the advice of its solicitor, issued a stop work order on the property until the issue of the lot's non-conformity can be resolved. That order has been ignored, however, amid a storm of protest from the adjacent property owner and representation from the lake's ratepayers association.

A suggestion for compromise was officially endorsed by the association on Sunday, and it deserves council's careful consideration. As director Burt Tait indicated to the membership, the matter is complicated, and solving it won't be easy. There is the matter of whether or not the lot was purchased with binding assurances that a cottage could be built on it. There is the matter of the change in zoning from parkland to residential. There is the issue of the rights of the adjacent property owner whose privacy is being eliminated by a situation he could not have anticipated when he bought his lot and built his cottage. There is the matter of whether or not the back lots have been cut off from lake access by the sale of Block A. There is the risk of protracted court proceedings as a result of the stop work order. And there is the question of what should be done with the adjacent unopened road allowance.

The solution formulated by the Soyers Lake Ratepayers Association appears to be a sound one, provided that council and all other parties are prepared to admit that the particular problem it addresses is unique. The association will suggest that council agree to close up the unused road allowance and convey at least half of its 66 foot width to the owner of Block A. If this was done, Block A would become a legal-sized lot under the provisions of the zoning by-law now in force. While this step would be highly unusual, it may be reasonable in light of the municipality's apparent responsibility for at least part of the controversy. In return, the owner of Block A would have to agree to move his cottage farther away from the lot line.

There is no guarantee that any of the parties involved will accept any form of compromise solution of course, and the matter may yet end up in the courts. But the association's suggestions are serious and constructive, and that being so, they should be examined very carefully.

Letters to the Editor

Reader wants independant Chamber

Note: The following is an open letter to the membership of the Haliburton Highlands Chamber of Commerce from D. Farrell of RR1, Minden.

May I first state: I am not anti-Chamber of Commerce. I believe a chamber of commerce serves a very important role for the business and commerce area of a community. The Chamber is an excellent 'watch dog' and a good lobbyist vehicle for and against government's involvement in their business life. I am an inactive member of the Chamber of Commerce.

Now, I would like to pose some thoughts, to you the active membership: 1) Do you really need the Chamber of Commerce as it presently represents you? 2) Do you feel it could serve you better? 3) How do you feel as independant business people, always being on the 'political stage' of municipal councils? 4) Do you ever feel there is a conflict of interest present in the Chamber's decisions. 5) Is the County of Haliburton too big an area to be represented effectively, from the Chamber's one location.

Maybe there is a solution in one or all of the following ideas: 1) Disband the present chamber into local offices of representation, i.e. Chamber of Commerce of the Town of or Village of, etc.; then have the County of Haliburton Chamber of Commerce as the parent body for overall business. 2) Quit taking County of Haliburton tax money and represent Haliburton as an independent body. 3) Eliminate the Chamber's large budget. Don't have a high salaried manager or think about a chamber building. These costs are too high without public support. 4) Think 'positive' and appeal to the membership for volunteer help to run the Chamber's day to day business. 5) Strike a new budget, then set membership fees to fund it. Now you are independent to do a good job by yourselves.

**D. Farrell,
RR1, Minden**

To the Editors:

During the month of September the Ontario Crafts Council, Sir Sandford Fleming College and the Haliburton Highlands Guild of Fine Arts

played hosts to a gathering of some 200 craftspeople who represented the 'creme de la creme' of the Canadian crafts scene at the Canadian Crafts Conference.

Each province had a delegation. For five days they wallowed in the warmth of our hospitality and the beauty of our colorful surroundings. As if on cue, nature cooperated to complete the pleasantness of the situation -- a heron and a deer came on the scene during one lunch time -- to provide an unplanned diversion to the seriousness of the discussions.

They carried to their cars and buses conference bags, and pottery jars filled with maple syrup, all handcrafted for the event by Guild members. These will serve as more permanent reminders of their Haliburton experience. There is no doubt they returned to their homes in every part of Canada carrying with them images of Haliburton as a growing national art centre.

The spin-offs to a community from efforts of this sort can never be measured. This group has performed in the same way to bring about a community college, a gallery, as well as many activities that are both an attraction to visitors and a source of enjoyment to area residents. They are the unsung heroes of the County.

I am proud to be a part of such an organization and grateful to the members of the community who financially backed its activities.

Yours truly,
**Carole Finn,
Chairman,
C.C.C. Committee**

Editor's note: The following is a copy of a letter sent recently to Carole Finn.

Do hope that you and the members of your committee have planned a meeting to congratulate yourselves on a job well done.

The thought and care which each of you put into this conference was evident to everyone, and I know that I speak for all when I say 'thank you'. Your attention to detail made life much easier for

Feir Play

Creighton Feir

Sometimes it's hard to believe just how fast the time flies. It's also hard for most of us to imagine that there are just a little over two months before Christmas. Speaking on the subject of the upcoming winter some of the weather experts are telling us that we are in for a long, cold winter with plenty of snow. For the sake of business and the economy here in the Highlands of Haliburton, let's all hope and pray that we will get plenty of snow so that we can carry on with the winter business.

The Thanksgiving weekend is over and gone for another year. Each year following this final holiday weekend before Christmas I find it a very sad and depressing time as many of us have to say goodbye to so many old friends who generally come up in the early spring and stay until Thanksgiving, and then head back to Toronto or some other centre in Ontario for the winter months. I have had the pleasure through this business of getting to know many people who have cottages here while others are visiting relatives or staying at a cottage resort, hotel or motel. It's very easy to get to know them on a personal basis and I am always fascinated by the interest they show in local affairs and also the wonderful way they get involved in the community. Most of them are wonderful people who dream and look forward to the time when they will be coming back into this area and become permanent residents. It's the new blood moving into the area with some new and fresh ideas which in the long run is going to make this county great.

The Haliburton Minor Hockey Association are into their second week of pre-season hockey drills at the Haliburton arena. Boys in all age groups are being put through their paces by former National Hockey League professional Walt McKechnie. The drills which have been a great success, thanks to Walt and the Association, are over and the Minor Hockey League schedules will begin on Monday, October 15. These drills have proven to be of great benefit to the young hockey players as it helps out with their skating skills and gets them into good condition for the season ahead.

The Haliburton Figure Skating Club are looking forward to another great season and one of the ways that they have of raising money is their annual turkey supper which they held this year at the Legion hall in Haliburton on Sunday, September 30. As usual it was another big turnout. There is a great deal of work that goes into the operation of a skating club and the ladies who help in many ways deserve a great deal of credit.

Well, it may be the month of October, but up to this time the cool weather hasn't stopped the tennis enthusiasts from playing tennis at the courts at Rotary Beach and at the High School.

Municipal employees have been busy this week with new sidewalk construction underway on Park Street in the Village of Haliburton and a new sidewalk will be put in place from the corner at the home of Mr. and Mrs. Art Oulette to the Lakeside Baptist Church. We also understand that the road is being widened on Mountain Street and a bad corner is being removed in front of Babe Burke's house.

We have noticed several chartered buses in the Village of Haliburton during the past few weeks, with many people taking the opportunity to see the Highlands of Haliburton and the leaves in all of their bright colors. We believe that the leaves were at their best over the holiday weekend, but possibly just not as nice as in some other years.

Russ Wunker, formerly of Miner's Bay, Ontario and at one time Bill Scott's right-hand man, was a recent guest speaker at a weekly meeting of the Rotary Club of Haliburton. Many of the members knew Russ from his days in Haliburton. He briefly outlined his political career to date and went on to give an inside look into his work in the last federal election. Russ was the "Director of organization and operations" under campaign chairman Norm Atkins for Brian Mulroney. He often compared his organizational strategies to Rotary stressing that by working with people, communicating effectively and having a dedicated spirit, goals can be accomplished.

Reverend Merrill James, father of Reverend John James of Haliburton United Church and John's brother, Reverend Orville James, are scheduled to be interviewed guests on 100 Huntley Street and Mr. Homer James will be guest soloist on Tuesday, October 16 at 9:30 a.m. on Global T.V. The program will be repeated on Wednesday, October 17 at 7:00 a.m. on Channel 3 (cable 7) Barrie.

From all reports deer are going to be quite plentiful when the deer season opens in November. Several local citizens have told me that they have noticed deer running along the sides of the highways and on the roads in several sections of Haliburton County. Several deer have also been spotted on the highway between Haliburton and Minden.

Viewpoint

Pic of the Past

Our thanks go out this week to Mrs. John Wensley of Haliburton, for giving us permission to use this most interesting photo showing the Charles Wensley farm and what it looked like 70 years ago. The property is now known as the

Harry Blair residence. As you can see at that time threshing was done with a steam-powered machine. From the left, Lawrence Holland (standing in the wagon), William Wensley, Charles Wensley, Hank Harrison, Albert Easton Sr., unidentified, unidentified, Albert Easton Jr., Raymond LeBoutillier (at barn door), Ray Fetterley (with bucket), John Wensley, Jack Duncan, Thomas Duncan, William McKnight, Ed Duncan. None of the people shown in this picture is living today.

Report from Parliament

By Bill Scott M.P.

On October 1, the Hon. Michael Wilson announced a new issue of Canada Savings Bonds. The series will be available for purchase October 24 at a yet to be announced interest rate.

Last year's bond issue provides for a 9.66 per cent annual rate of return for the one-year period ending October 31, 1984 and a minimum of 7 per cent a year after that until maturity. Series 37, issued November 1, 1982, provides the same annual return for the period ending October 31, 1984 and a minimum of 8.50 per cent a year until maturity. All other outstanding and unmatured bonds earn 10.50 per cent for the year ending October 31, 1984 with guaranteed minimum of 10.50 per cent in subsequent years to maturity. Holders of Series 27 Bonds, issued in 1972, and Series 30, issued in 1975, mature on November 1, 1984 and will not earn interest after that date.

The government this week began to apply the

principle of innocent until proven guilty to the collection of income tax. The Hon. Perrin Beatty announced that from now on taxpayers who are being investigated by the Department of Revenue will not have their names released unless they have been charged and convicted of actual tax evasion.

The Rt. Hon. Brian Mulroney met with deputy ministers, heads of crown corporations and most senior public servants on Tuesday, October 2. He told them quite directly that he plans to implement the kind of changes that our Party was given a mandate to fulfill. As well, he promised that there would be no mass firings of career public servants, but that those who had been political appointments could expect a shake-up in the next few weeks. He offered to be generous to any who felt they could no longer be comfortable with these new directions and wished to leave the public service now.

Queen's Park Report

by John Eakins, MPP

I will be protesting to the Minister of Consumer and Commercial Relations the red tape and poor accounting practices in his ministry, which resulted in a Haliburton trucker having his licence unnecessarily under suspension for many months.

Last October, this Haliburton trucker paid an award to the Ministry of Consumer and Commercial Relations and because of poor accounting practices, this information was not properly recorded and therefore not relayed to the Ministry of Transportation and Communications for their licensing records. As a result, a suspension order was issued against this gentleman, but he was never informed. Only when he was stopped for a minor loading infraction did he find out the information on his record, and that his licence has been improperly suspended.

Through the determination of our office, we were able to research this quickly, even though the Ministry of Consumer and Commercial Relations initially insisted this payment was outstanding. Surely the ministry owes an apology to this gentleman for the inconvenience caused by such bureaucracy.

After a series of meetings and cooperation with the Liquor Control Board of Ontario, two areas of Victoria-Haliburton riding are being serviced with liquor outlets.

The initiative of the Township of Glamorgan in Haliburton County and of the Township of Manvers in Victoria County, as resulted in trailer outlets being located in Gooderham and Ponty-

pool.

I believe that the smaller communities of Ontario and in this case Victoria-Haliburton, are entitled to good standards of services so that citizens do not have to travel long distances for those goods and supplies that urban areas take for granted.

I appreciate the cooperation of the Liquor Control Board of Ontario and the initiatives of the municipal councils.

I am pleased that many individuals and municipal councils are writing to the Minister of Citizenship and Culture urging the minister to proceed with the establishment of a TV Ontario transmitter in the Gores Landing area. It is important that many rural parts of our province have a service that our urban cousins take for granted. Over the past several years I have continually talked to the minister with regard to expanding this service to these needed areas.

I urge everyone to write to the Honourable Susan Fish at Queen's Park, and urge that she continue with plans for the Gores Landing transmitter. Much credit is due to Mrs. Nancy Matheson for continuing this fight.

There has been talk of having Question Period on television at Queen's Park, as they do in Ottawa. But, why have it televised when only those privileged to receive the TV Ontario signal can watch it?

I shall oppose it until all people are provided with the signal.

Ontario Naturalists

By ARLIN HACKMAN

Monarch Habitat Saved

As the end of autumn approaches, one of the most enduring natural pageants in the world is unfolding: the incredible migration of monarch butterflies to their age-old winter roosts in Mexico.

From this end, the annual southward flight, the only true migration known to the butterfly world, offers no great drama. But high in the mountains near the isolated Mexican village Anganguao, it's a different story altogether. And this year naturalists can claim some of the credit.

Discovered only in 1975, the three thousand mile monarch migration route begins and ends on a single mountain ridge where unbelievable numbers squeeze into cramped quarters on sites only several acres large, and turn the sky orange and black when in flight.

Tragically, this discovery was barely transmitted before modern forestry started chewing its way into the region, shattering the remoteness and threatening the habitat which has sustained

the butterflies through countless migrations.

Scientists from the International Union for the Conservation of Nature have rushed in and developed a plan to save the three most heavily used wintering areas from further harm. Together with connecting corridors and buffer zones the area to be protected amounts to 50,000 acres. But there's a catch. The Mexican government, struggling with tremendous economic problems cannot afford to implement this plan or stop the logging.

Hearing of this dire situation, the Hamilton Naturalists Club initiated efforts by a variety of conservation organizations, (notably the Manitoba Naturalists Society) which ultimately led the International Fund for Animal Welfare to take action to acquire 80 acres of monarch habitat.

Other problems remain for the monarch, most notably an apparently serious rise in predation by birds at the wintering sites. These and other troubles which more human visitors will undoubtedly bring will require attention. But in the meantime, a most important first step has been taken to secure the future by this remarkable traveller.

From the Chamber

by Emily Skinner

Tourism is your business

If tourism is your business you can't afford to miss this opportunity. TV Ontario will present the first hospitality training program developed for Canadians, "Tourism is your business". A financial management program designed for Canada's lodging industry, it is geared to current and prospective owners and operators of small and medium-sized hotels, motels, inns and resorts. Combining television and printed materials, this project consists of three principal elements: 10 half-hour television programs produced by Tourism Canada; a 300-page manual and a 96-page study guide that links information presented on the programs and in the manual. Materials and information can be obtained by calling 1-800-387-8411.

Each program in the 10-part series "Tourism is your business" is telecast twice a week - Tuesdays at 7:30 a.m. and Saturday at 12 noon. In each program different aspects of operating a business are examined, including keeping accurate records and accounts, obtaining financing and forecasting expenses and revenues. The series illustrates how you can increase profit and growth by using proven business techniques of financial management. After watching the program and studying the manual, you should be able to apply the techniques you learn to day to day situations, decision making, and long-term planning in your own business.

The Tourism is your business manual has 10 chapters, each dealing with a separate aspect of

financial management explored in the television program on the same topic. A self-test question and answer section helps you assess your own skills.

The study guide links manual and the video segments of this television-based course and emphasizes the important points in each. It contains practice exercises and case studies that give you hands-on experience you need to operate a successful tourism business.

If you have any questions about the course and its application to your business, phone TV Ontario at their toll free number 1-800-361-8411.

The telecourse is endorsed by Tourism Ontario, the Ontario Hospitality Institute, the Ontario Hotel and Motel Association, the Northern Ontario Tourism Outfitters and the Ontario Restaurant and Food Service Association.

For tourist operators outside TV Ontario's broadcast range, tapes are available free of charge on loan.

Coming Events

October 12 - Haliburton Highlands Guild of Fine Arts presents "Fall Fashions" by Patricia's Gallery and Boutique of Fenelon Falls at 8:00 p.m. at Wig-A-Mog Inn. Tickets are \$6. Reserve by calling (705) 457-2330.

October 13 - CHACE Place - Parent-Child Resource Centre presents Sandra Beech in concert at the Haliburton Highlands Secondary School, 2:00 - 3:00 p.m. Tickets are \$3 per person and are available at CHACE Place in Haliburton Village. Phone (705) 457-2989 for more information.

Question

By CATHERINE DENHOLM

Do you have trouble saying goodbye?

Not because you want someone to stay longer or talk longer on the phone but because it is a hard word to say. It has a very final sound, rather harsh and definite. It helps to add "now" as in "goodbye now" which is a little gentler and

"goodbye for now" is even better.

Bye bye is often used instead and lately I've heard, on the phone, "talk to you later" even though it's long distance and already midnight. "Have a nice day" has been overdone for years as a means of ending a conversation - particularly small business transactions. It has become a natural reflex phrase for business.

There are other things we say as a natural reflex. "How are you?" comes out without any thought or desire to know how that person is and "fine" or "fine thank you" is replied even when you are on your way to the doctor with double pneumonia and your doctor will likely say "How are you?" when you go in the office - you again say "fine" before launching into your 104 degree temperature.

The weather is another way of being friendly without having to think. If "How are you?" is leaving things too brisk then complaining or rejoicing about the rain or sunshine will seem like a conversation.

I lived once in a warm country where the weather was exactly the same every day and I was at a complete loss to know what to do after "How are you?"

"Sorry" or "I'm sorry" are also natural reflex words. This is said so spontaneously that it comes out even when all the fault is with the other

Trevor Powers, quarterback of Haliburton high school's senior Redmen football team, gets set to throw to a receiver in the endzone while would-be tacklers from LCVI close in. The Redmen won the

game 21 - 14 for a record of three and one on the season. They will finish no worse than second, and get home field advantage in a sudden death semi-final next Thursday.

Redmen get home field for semi final contest

The Redmen have assured themselves of home field advantage in the Kawartha West semi-final football game next Thursday, and will finish no worse than second in the league after both teams earned victories on Friday in games against Lindsay Collegiate.

Coach Gary Brohman described the senior game, which the Redmen eventually won 21 - 14, as the best that he has seen on a Haliburton field. Both teams demonstrated an ability to make big plays, and the passing game in particular was outstanding. Trevor Powers was good on seven of eight tosses for 101 yards, while LCVI also was effective in the air.

The Redmen struck quickly in the senior game. Mike Blake blocked an LCVI punt early in the first quarter and it was recovered by Paul Allore, who ran in for a touchdown, but the play was nullified by a clipping call. On the next play, however, and with the ball spotted on the LCVI 25 yard line Mike MacNaull powered in for another touchdown. Trevor Powers was good on the convert attempt and the Redmen led 7 - 0.

LCVI came back to score on a run from Haliburton's 45 a few plays later but missed the convert attempt. The Redmen were forced to concede a single point on the kickoff however, leaving the game tied 7 - 7 at the end of the first quarter.

In the second quarter the Redmen began a drive deep

in their own end with a 20 yard pass to Peter Allore, and on the next series Mike MacNaull broke away on a 70 yard romp to put the Redmen in front 13 - 7. The convert attempt was missed. Late in the first half LCVI scored again and were successful on the convert to take a 14 - 13 lead.

LCVI's biggest threat in the third quarter came when they attempted a field goal from 30 yards out, but the

play was broken up by the Redmen defenders and Haliburton recovered a loose ball on their own 40 yard line.

Early in the fourth quarter the Redmen scored their third touchdown after good runs by Rob McLeod, MacNaull and Jeff Bain that put the ball on LCVI's 10 yard line. Trevor Powers then passed to Peter Allore for the major.

Powers opted to gamble on Please turn to Page 7

Soccer squad tops league

Haliburton high school's senior soccer players continue to display the kind of solid teamwork that has put them ahead of every other competitor in their league so far this season. The team chalked up two more wins last week to stretch their undefeated streak to five games in as many starts. Four of those wins have been shutouts for Haliburton.

Last Wednesday the team travelled to I.E. Weldon secondary school in Lindsay and came home with a 2 - 0 victory. Scoring for Haliburton were Jeff Howe and Bernie Upton.

On Thursday both HHSS squads were at home for a match against Bancroft, and once again the seniors put on an impressive display, driving in five goals while holding the visitors scoreless.

Notching the points for Haliburton were Jeff Howe from Bernie Upton, Howe from Chris LaPorte, Howe from Lennie Johnston, Scooter Burgess from Falk Fluegel and Chris LaPorte from Ian Ross.

The Junior team played to a one-all tie against the visitors from Bancroft.

Haliburton's goal was scored by John Vanderhorst with help from Ray Gervais.

Increase seen in deer validation

A total of 27,700 validation tags - 7,880 more than last year - were mailed to deer hunters across the province on August 28 for the 1984 hunting season, Natural Resources Minister Alan Pope announced recently.

The validation tags are issued each year by the ministry to control the number of antlerless deer - females and fawns - taken during the season. The

Minister says selective kill system has increased herds in Ontario

ministry allocates the tags on the basis of a random draw which was held this year on August 23.

Pope attributed the increase in Ontario's deer herd largely to the selective harvest system and mild winters.

"In many wildlife management units, especially in north central and northwestern Ontario, all those who applied were granted tags. Provincially, a hunter's chance of receiving a tag in 1984 was better than one in three, which was similar to 1983," he said.

In 1984, 59,922 hunters entered the draw, 10,973 more than last year's total of 48,949. More than 44,000 of the hunters who applied this year specified a second choice of provincial Wildlife Management Unit.

THE COMMISSION ON PRIVATE SCHOOLS IN ONTARIO REQUESTS SUBMISSIONS

Dr. Bernard Shapiro, the Commissioner inquiring into the role of private schools in the education of children in Ontario has been given the responsibility to:

- document and comment on the contribution of private schools to elementary and secondary education in Ontario;
- identify possible alternative forms of governance for private schools and to make recommendations for changes deemed to be appropriate;
- assess whether public funding, and its attendant obligations, would be desirable and could be compatible with the nature of their independence.
- identify and comment upon existing and possible relationships between private schools and publicly-supported school boards.

No general public hearings are planned. Interested individuals or parties who have information and/or wish to comment on any or all of these issues are however, asked to submit briefs to the commissioner by December 31, 1984. Typed submissions should be sent to:

Neal T. Emery
Executive Secretary
The Commission on
Private Schools in Ontario
Suite 4-299
252 Bloor Street West
Toronto, Ontario
M5S 1V5

Those planning to submit briefs should notify the Commission by October 31, 1984 at the above address, or by phoning (416) 965-7044. All briefs submitted will be considered public information.

THE MUNICIPALITY OF DYSART ET AL

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO STOP UP, CLOSE AND CONVEY PART OF THE ORIGINAL ALLOWANCE FOR ROAD BETWEEN CONCESSIONS VII & VIII, IN FRONT OF LOT 14, TOWNSHIP OF DYSART IN THE COUNTY OF HALIBURTON

NOTICE IS HEREBY GIVEN pursuant to Chapter 302, Section 301 of The Municipal Act, as amended, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable to pass at its meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, October 15, 1984 a By-law to Close, Stop-Up and Convey Part of the Original Allowance for Road between Concessions VII and VIII, in front of Lot 14, in the Township of Dysart in the County of Haliburton.

WHICH SAID parcel or tract of land is illustrated shown in heavy outline on a sketch by Paul Wilson, Ontario Land Surveyor, dated August 7th, 1984 and available for inspection at the Township Office of the Municipality of Dysart et al, Haliburton, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-law at its meeting to be held at the time and place above-mentioned the Township Council of the Municipality of Dysart et al shall than and there hear in person or by his counsel, solicitor or agent, any person who claims that his land will be affected by the said By-law and who applied to be heard.

DATED at Haliburton, Ontario this 10th day of September, 1984.

Wayne B. Wood, C.M.C.,
Clerk-Administrator

HHSS girls field hockey team prepares for Kawartha match

Field hockey is in full swing at Haliburton Highlands Secondary School, and results of an exhibition tournament last Wednesday indicate that the girls may do very well in upcoming competitions.

Six visiting schools were on hand for the tournament hosted by Haliburton. Competing were Peterborough Collegiate, Kenner Collegiate, Adam Scott secondary school, Bethany Hills school,

Lindsay Collegiate and Bancroft high school.

No winner was declared in the exhibition tournament, since some schools played four games while others had only three matches, but Haliburton had the best record, winning 2-0 over Bancroft, 2-1 over PCVS, 3-1 over Kenner and playing to a scoreless tie against Adam Scott.

Next Wednesday, October 17 the team will travel to

Peterborough to compete in the Kawartha tournament. If Haliburton finishes first or second they will go on to Central Ontario championships, which will be hosted at HHSS on Wednesday, October 24.

The team will also travel to Toronto to compete in the Ontario Women's Field Hockey Association school girls tournament on Saturday, October 20 at Sunnybrook Park.

Lisa Malott, Wendy Ballantyne and Emma Postlethwaite, in the light uniforms, are seen here in a field hockey game against Kenner Collegiate last Wednesday at HHSS. Haliburton had the best record among seven schools in the one-day exhibition tournament.

Board of Education minutes

from page 2

Elementary School property and also in one of the portables at the secondary school.

Expenditures for the month of August, 1984, in the amount of \$350,596.04 were approved.

The Board approved the membership of the Identification, Placement and Review Committees for the schools in Haliburton County as recommended, for the school year 1984-1985.

The textbook lists, as submitted by the schools of the

county, were approved for the school year 1984-1985.

The petty cash funds for the Archie Stouffer Elementary School and the J. Douglas Hodgson Elementary School were increased from \$50 to \$100.

Lisa Malott and Wendy Ballantyne race three Kenner Collegiate players to the ball during a field hockey game last Wednesday. Haliburton battled to a 3-1

win in this match, and won two other games in the exhibition tournament.

Redmen hold LCVI scoreless

from page 6

a two-point conversion and the toss to McLeod was good, giving the Redmen a seven-point lead.

The final three minutes were heart-stopping ones for fans and coaches of both teams, as LCVI fought to tie the game and came dangerously close on a number of occasions.

With first and goal to go for LCVI, the Redmen dug in to stop their opponents three times, getting good work from Terry Hobden, Darrell Ward and Mike Blake.

The Redmen got the ball on their own two yard line and moved it up to the 12 before losing it to LCVI on a fumble. On their first play the visitors attempted a pass but it was picked off by Kevin Smith who ran it out to the 35 yard line. The Redmen were forced to punt but on the next LCVI possession, Mike MacNaull intercepted an-

other pass to stop the drive.

With the minute flag up LCVI pressed to within five yards of the Redmen goal line but fumbled the ball.

Kevin Smith recovered it and the Redmen ran out the clock to gain a 21-14 win.

Junior game

The Junior Redmen also played to a win, but needed only a single touchdown to assure victory after shutting out their LCVI opponents.

Both sides exchanged the ball without scoring in the first quarter. In the second quarter, a Tom McLeod pass was intercepted and LCVI ran it to Haliburton's 10 yard line. They were stopped by the defense on three successive plays however, and on the next possession, Haliburton moved the ball out to

midfield.

The half ended with LCVI giving up their second interception to Craig Crowe.

The Redmen's big break came in the third quarter when a good tackle by Sean Whitfield resulted in an LCVI fumble that was recovered by Derek Little. On the next play Andrew Burk went in for the touchdown and the convert by Jaro Cooper was good.

The teams exchanged the ball a number of times in the fourth quarter but there was

no further scoring.

The Junior Redmen got good running from Craig Crowe and Andrew Burk. Tom McLeod was gone on seven out of nine pass attempts for 133 yards, 123 of them to Ian Cooper.

Defensively Craig Crowe and Kevin Barnhart, along with McLeod and Cooper, were outstanding.

The teams will not play this week, but will spend the time gearing up for next week's sudden death contest.

Drop in Centre

By TERESA CONGDON

On Thursday, October 4, a bus of seniors from the Sunderland area were out looking at the beautiful colors and they arranged to eat their lunches in our Drop-In Centre. They were quite taken with our facilities. I heard a few mention that it was a great idea to have a place like we have. A few people have signed up for the "Beginners Bridge". Names will be accepted until Friday, October 19, 1984. Call the Drop-In Centre to sign up at 457-2171.

On Tuesday, October 16, we will be having a "Box Social". If you plan to attend please call the Drop-In Centre and have your name put on the list. Those who are planning to attend remember that you need a partner. One will make the lunch in the decorated box, and the other will bid on the lunches. They will be decorated so nicely that you won't know which one to buy! We will be having first, second, and third prizes, therefore we will be charging an entry fee of 25 cents a box. The bidding will start at 10 cents or thereabout. If you and a friend will be attending please call us for details.

Connie Love is the convenor for the Fun and Fitness so if you wish to get involved please give her a call at 457-2725 or call us at 457-2171. Connie is also the convenor for the adult swim program which starts this week.

Coffee and crafts morning is on Thursdays at 9:30 or 10:00. You can bring whatever craft you like, knitting or sewing.

If you have any questions about the Drop-In Centre, please feel free to call us at 457-2171 or come in anytime. We are located in the Drag River Municipal Building opposite Emmerson Lumber.

PARENT & CHILD SWIM

During this eight week course, parents and preschoolers will get a head start on the swimming season. Children, with the assistance of one of their parents, will learn the basics of swimming. Class size is limited to ten sets of swimmers (parent and child). Each child must be accompanied by an adult. All swimmers must bring their own towel and bathing suit.

INSTRUCTOR: JoAnne Coumba
LOCATION: PineStone Inn and Country Club
DATES: Wednesdays, October 17 to December 5
TIMES: Session 1 - 9:30 am to 10:30 am - 2 yrs. & under
Session 2 - 10:30 am to 11:30 am - 2 yrs. to 5 yrs.
FEE: \$35.00

DANCERCISE

Dancercise is the fun way to work out. Fitness exercises and jazz dancing set to music. This course is designed to firm and stretch your body and improve your cardio-vascular endurance.

INSTRUCTOR: Glenda Foster
LOCATION: Haliburton Highlands Secondary School
DATE: Wednesdays - October 17 to December 5
TIME: 7:00 pm to 8:00 pm
FEE: \$45.00

BALLROOM DANCING

A basic course for students who would like to learn or improve their dance skills. The instructor will introduce four social dances: waltz, fox-trot and cha-cha. Students will learn how to lead and to follow.

INSTRUCTOR: Glenda Foster
DATE: Wednesdays - October 17 to December 5
TIME: 8:00 pm to 9:00 pm
LOCATION: Haliburton Highlands Secondary School
FEE: \$45.00

CHILDREN'S JAZZ DANCE

A basic jazz dance technique program for children. This program will help to improve co-ordination and balance.

INSTRUCTOR: Glenda Foster
LOCATION: Haliburton Highlands Secondary School
DATE: Wednesdays - October 17 to December 5
TIME: 6:00 pm to 7:00 pm
FEE: \$45.00

BASIC WELDING

(Arc and Gas Welding Techniques)
This course will be useful to various members of the community interested in the repair of equipment and machinery. The program includes practical training in a welding shop in the following areas: Oxy-acetylene safety precautions - operation and equipment, assembly of equipment, fusion welding, dealing with the flat position, brazing and the identification of equipment, preparation and fit-up, electrode classification and coding systems and cutting. This course is designed to develop basic skills, however, students may advance according to their skills and interest.

INSTRUCTOR: Roger Kirkpatrick
DATES: Tuesdays & Thursdays, October 16, 18, 23, 25, 30 and November 1
TIME: 7:00 pm to 9:00 pm
LOCATION: Haliburton Machine and Manufacturing
FEE: \$50.00

NOTE: Please issue two separate cheques, made payable to Sir Sandford Fleming College, in the amounts of \$10.00 and \$40.00 to cover registration and materials fees.

HAND KNITTING WORKSHOP

A basic knowledge of hand knitting is required. Don Colvin will teach this intermediate course using fancy knit stitches, inspiring students to draft their own unique patterns, integrating a variety of textures, fur, suede, ribbons, and bead work creating an individual piece of knitwear. Enjoyment and creativity are emphasized.

INSTRUCTOR: Don Colvin
LOCATION: Sir Sandford Fleming College
Lakeview Centre
DATE: Saturday & Sundays - October 13 and 14
January 19 and 20
March 30 and 31
TIME: 9:30 am to 4:00 pm
FEE: \$45.00

FOR FURTHER INFORMATION
OR TO REGISTER:
SIR SANDFORD FLEMING COLLEGE
CALL 457-1680

QUILTING

This class will incorporate four workshops.
1. Jiffy Piecing - a grid system for triangles, diagonal sets, two bell block systems and connector block while making the shaded triangles pattern in a wall hanging or quilt

2. Double Iris Chain - a new quick method for this traditional pattern for use on a tablecloth.
2 Days - November 13 and 14

3. Variations of Rail Fence - varying the pattern to make it suitable for wall hangings.

1 Day - December 11

4. Lone Star - a simplified technique for making this popular block - students will start by making a pillow, wall hanging or baby quilt.

1 Day - December 12

INSTRUCTOR: Betty Ann Welsh

DATES: Workshop 1 - October 16 and 17

Workshop 2 - November 13 and 14

Workshop 3 & 4 - December 11 and 12

TIME: 10:00 am to 4:30 pm

LOCATION: Minden Cultural Centre

FEE: \$50.00 The indicated fee includes all of these.

NOTE: Betty Ann Welsh is a quilter with many years of experience who also teaches for the Gingham Dog in Peterborough.

STAINED GLASS

Introducing glass work beginning with the construction of an attractive suncatcher using the copper foil method through to the designing and building of a window panel with suggested approximate size of 12" x 18".

Students will need a good quality, oil-filled glass cutter which will be available from instructor on the first evening of the course at a price of \$19.95. The use of the instructor's soldering irons and grinder is available during classes. The cost of materials needed during the course will be about \$35.00. This fee will cover the cost of one roll of 1/4" copper foil, one pound solder, one bottle flux, and approximately three square feet of stained glass. This will be variable, depending on the individual projects that are chosen.

NOTE: Students interested in purchasing a glass cutter should indicate when registering so the instructor can purchase the required number beforehand.

INSTRUCTOR: Joan Wilber

DATES: Wednesdays, October 17 to November 21

TIME: 7:00 pm to 10:00 pm

LOCATION: Sir Sandford Fleming College, Lakeview Centre

FEE: \$45.00 plus materials.

BASIC BOOKKEEPING

This bookkeeping course will examine bookkeeping procedures through to the trial balance, financial statements and closing entries for a service business.

INSTRUCTOR: Doug Mitchell

LOCATION: Haliburton Highlands Secondary School

DATE: Thursdays - October 11 to December 20

TIME: 7:00 pm to 9:00 pm

FEE: \$45.00

NOTE: Textbooks will be available on the first night of the course at an approximate cost of \$35.00.

DECOY CARVING

Students will carve and paint a half-size loon decoy in basswood. This course for beginners concentrates on rough shaping, definition of feather groupings, finished shaping and painting, using acrylic paint.

INSTRUCTOR: Al Brady

DATES: Saturday & Sunday, October 20 & 21, November 10 & 11

TIME: 9:00 am to 5:00 pm

LOCATION: October 20 and 21 - Haliburton Highlands Secondary School - Woodshop

November 10 and 11 - Sir Sandford Fleming College Lakeview Centre

FEE: \$45.00

BASIC SEWING

This course is designed for people who have had little or no sewing experience and would like to learn. Please do not purchase your fabric or pattern until after the first class. If possible, bring your own sewing machine, scissors, pins, scrap pieces of fabric, note pad and pen.

INSTRUCTOR: Janice Cross

LOCATION: Haliburton Highlands Secondary School, Room 26

DATES: Mondays - October 15 to December 3

TIME: 7:00 pm to 10:00 pm

FEE: \$45.00

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Northern Lights

By VIRGINIA MUENZEL

Mr. Clean cleans your whole house, and everything that's in it!

Does anybody know his telephone number? I could sure use a guy like that. There's no getting around it. I'm soon going to have to do some serious fall house-cleaning. Of course, I'll still be able to put it off a few more days. There's carrots to pull, and the applesauce to freeze. Then, I'm just going to have to brace myself for a long seige and dig into it.

So now that you've come to the conclusion that I'm a lousy housewife, let me quality that statement. Granted, housework is not my favorite occupation. But I wouldn't mind it quite so much if I ever felt any sense of accomplishment from it. Like, if I could ever manage to get the place "shining clean" from one end to the other, and be able to stand back and look at it, I might feel like I've done something useful. But alas, that has never been the case. From day one, as I am diligently wiping the last speck of grime off the far corner of the last room, "they" are busily tracking, smearing, sooting, or spilling all over the first.

I can't believe my bad luck. My mother-in-law had four children. Three of them are bonafide neatniks. Guess which one I married. And three out of three kids took after their father. Sterile, my house is not. Frankly, I wouldn't really want it to be. In my opinion, a little honest-to-goodness dirt can't kill you. All those chemicals that super housewives use to sanitize, sterilize and disinfect can. Kill you, that is. They're all poison, you know.

I had a neighbour once, in the city, whose house was so immaculate it made me nerous to walk in the back door. She used to make me feel like the "Peanuts" character, Pigpen. I was sure she bleached my tracks as soon as I left. And I always removed my shoes at her door. I know for a fact, everytime her small children came into the house, she stripped them down to their underwear, so they wouldn't get outside dirt on her things. That must have gone over real big when they got to be teenagers.

Of course, as soon as they could afford it, they bought a house with a family room and a living room. You know what I mean. One of those "look, but don't touch" living rooms, that nobody ever lives in. When I'm in one of those homes, I always get the urge to rope off the room for them. Like a museum.

The only thing worse, is to be invited out to someone's home for a party. You get all dolled up cause you haven't been out for awhile. You get to

Please turn to Page 10

Senior League

By BERT HARRISON

Dear readers, another week has come and gone and bless my heart, there was so much activity here this weekend that I don't know where to start. Everyone had a relative coming in or coming to take them out. With so many relatives coming to call it is hard to keep track of them all.

Millie Wood had her daughter Joyce call. Mrs. Stut's daughter Ruth visited too. Della Curry had her won and wife to call. Ada Allcorn's brother Sinclair and wife came Sunday and took her for a nice drive down around Bob Lake and Sandy Bay. Winnie Johnson's son Bill came to spend the weekend somewhere. He took his mother shopping Saturday down town in a wheelchair. Lily Hogg had a family too, which was fine. They took her for a nice drive, then out

to dine. Edna Cowan had relatives too, different ones calling while passing through.

Some of my family, took me for a treat, a nice drive then out to eat.

A goodly number came for the chapel service, Sunday night. We had no one the music to play. Rev. Burgess always conducts a very interesting service anyway.

I would like at this time to thank my readers who send me many compliments on my Senior League letter. Sometimes I feel like quitting but this gives me courage to hang on and try and do better.

I was pleased to have Art and Nellie Kerr call Sunday. They live in a lovely home on the shore of Kushog Lake. They are our dear friends where we lived up in Carnarvon.

Linda showed uas movies Monday night that really

caught your eye; Trans Canada Journey, Yellow Head highway and Fly Geese Fly.

Tuesday morning, Rev. George Elliot of Minden Anglican Church, conducted a very impressive communion service in the chapel which we thought was fine. His message was along the Thanksgiving line. Tuesday noon Doris said, "Let us board our bus and get right out of town, to view the colored leaves around the countryside, before they start falling down." This we did and north we went. The weather, it was fine. Linda came along too, to keep us all in line. We then crossed over, took the road on the west side of Kushog Lake. The road was crooked and hilly, but with colored leaves galore, at last we came back to highway 35 where we stopped to make sure we were all alive. Then on we

went to see Dorset town. Some thought they'd like to climb, but didn't have the power. Then back we came, not stopping for a meal. We never worry, with Doris at the wheel.

We had a lovely drive this day in October. When we returned to Hyland Crest everyone was sober.

Congratulations to Mrs. Jenkins who was 94 today. Her son and wife came to help celebrate. Fine piano music Ray does play.

A grand party was held here on Wednesday afternoon. Members came from near and far to congratulate Edith Welch and presented her with a lovely pin, for being a member for 25 years of the Eastern Star.

I went down to the craft room recently just to see what the ladies were doing and had a cup of tea. Everyone was doing this or that, to these willing workers, we take off our hat.

Now here's more news: Lily Hogg won this morning pitching horseshoes.

The tea party was brought in this Thursday afternoon by the ladies of Lutterworth Estates.

I had company and didn't attend, but everyone said the food was great. We would just like to say thank you for coming this October day.

We had another pleasant surprise today when our niece Joan Purkiss and friend called. They live over Orillia way.

Friday afternoon, after having a week's holiday, Please turn to Page 9

Guild News

By VIRGINIA MUENZEL

Now that Thanksgiving is over, everyone is settling down into their fall schedules. The Guild is no exception. A large number of people have worked very hard readdyng several, varied activities.

If you remember, last May, a very popular fashion show was held at Wig-a-mog Inn. It was such a great success, it's going to be repeated. On Friday, October 12, at 8:00 p.m., Haliburton Highlands Guild of Fine Arts presents "Fall Fashions" by Patricia's Gallery and Boutique of Fenelon Falls. Once again, Wig-a-mog Inn is hosting the show. Tickets are 16 and you can reserve them by calling 457-2330. All proceeds from this event go to the Gallery.

Beginning on October 25, the Rails' End Gallery opens its new exhibition entitled "Woven Things". The show will feature the Haliburton Highlands Spinners and Weavers, with special guest weaver, Beverly Williams. The opening will be Thursday, the 25th at 8:00 p.m. and the show runs through to November 17.

Also at this time in our Waiting Room Gallery will be a sale of "Santa's Best". This is a collection of hand-crafter items by professional craftsmen on sale for the early Christmas shopper.

While we're on the topic of Christmas, the Christmas Show will be opening November 28 and run until December 22. It will feature pieces by Guild members and invited artists. Start saving your money for shopping.

The Gallery will be closed from December 23 until the carnival weekend.

The first concert in a series of three will take place on November 26 at 7:30 p.m. The group is "Repercussion". You must get your tickets to all the concerts soon. Go to the first concert yourself and give the other two tickets as Christmas gifts. Of course, after hearing the great music the first show has to offer, you may change your mind and keep all the tickets.

Theatre group rehearse musical

from page 3

veterans of previous Highlands Little Theatre productions.

Curtis Eastmure will play Charlie Brown, with Glen Carter as Snoopy, Nada Vaughan as Lucy, Betty Perugino as Peppermint Patty, Roy Fleming as Schroeder, Dale McConnell as Pigpen, Elaine Schmid as Violet and Doug Brohm as Linus.

Jim Andrews and Brenda Ellis will appear as the chorus.

Director and choreographer for the show is Melissa Stephens. Choral director is Nancy Robichaud.

Others involved in the production include Stan Ashman and Jim Andrews, set design and construction; Heather Scully, stage manager; Joan Stinson, ticket convenor; Eleanor Cooper, assistant stage manager; Wayne Henderson, lighting; Caryl Douglas, make-up; and Dale McConnell, house manager.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Kinmount Korner

By MILLIE MOSS

had an anniversary on October 4 and a very happy 26th anniversary to Barb and Reg McCluney from Bill and Danny on October 3.

Happy birthday wishes go out to Bill McCluney on September 11, Reg McCluney and Garland Barkwell on October 1, Bill Bluet, October 3, Marg Viney and Kay Wren, October 5, Mike Viney and Bill Scott on October 6 and this old girl who celebrated another one on October 2.

Father Brooks is getting around much better and Sam Telford is looking better. Keep on improving.

Mary Snoddon and Clarke Simpson were ill this past week. Get well soon folks!

Sincere sympathy to all family and friends of Mrs. Freda Munro of Bancroft and formerly of Kinmount, mother to Harold Munro of Kinmount. Mrs. Munro died last Friday following a five-month illness.

Joe McNamara, in his seventy-second year, died in Peterborough last week. He was a brother of Dave McNamara of Kinmount.

Our sympathy to Dave and all the family at this time. "Stubby" and Sandy Stevenson of Windsor, old-time friends and neighbours of Win and Bill Wilson, paid an unexpected but most welcome visit to the Wilson household last week.

I received a phone call from Mr. Oliver LaFortune of Bobcaygeon last Wednesday and he was telling me that in Victoria, B.C. there's a museum that has come from an old railroad station. Mr. LaFortune feels that council or someone should be able to do something more with the Fenelon Falls station and possibly bring more tourist dollars and much pleasure to people. He told me that the B.C. station is a real attraction and when you go in you hear the old telegraph clacking away and when you sit down on the old but very clean bench, you soon hear a distant whistle which gets louder followed by a rumble which soon starts your bench and indeed the station to vibrating. It's all done by tape but the told-time feeling is there and brings back pleasant memories. Mr. LaFortune is a retiree from

many years in a Toronto post office, born near Ottawa and now residing in Bobcaygeon. It was very enjoyable talking with him.

I've been asked to plead with you hunters: don't leave your dogs behind, in the bush. Some of them turn wild and we do have enough animals already. I'm told rabies are rampant and recently a dog in the Gelert area had a mix-up with a rabid bat and is now in quarantine. Dr. Bennett killed a wolf near his barn outside of Minden. At a farm on Davis Lake Road off highway 35 a fox came right up to the house, clamped his teeth on the paws of the family dog which later had to be destroyed. I understand a rabid wolf was also killed on this property so please folks, see that your pets have all their shots and don't let them loose where there's a chance of rabies.

Betty Scott was in Toronto for a few days during the festivities to meet the Queen.

Stay well and happy, read the Echo, call me at 488-2353 and remember: in order to know the value of money, a person should borrow it.

Welcome home from your holiday out west, Joan and Ken Hyams.

Some hunters told Wally McMullen last week that they'd seen a big bull moose go across the road towards his house and then swim across the pond next to the house and thence into the bush. Wally said he wished he'd been prepared with his camera. Saturday night the dogs started barking and Wally thinks the moose must have come back across the pond again which in turn started the dogs going.

We enjoyed a short visit from Bill Moss Jr. and Helen from Page 8.

Senior League

from Page 8

Grace Coburn came to lead us in a sing-a-long and it was so nice to have Norma Barron back, the music to play. Grace always has some humorous poems and sings a number or two. Without these entertainers, I don't know what we would do.

Graham of Norland last Sunday and Gladys Haas from Tory Hill.

Pete Cruickshanks, May Campbell, Wilf Belanger and the young Crego girls have been ill of late. All of you, get well soon.

Vials of Life are now available to you and it's a good idea to keep one in your refrigerator plus a second one in the glove compartment of your car. These vials give all information that a doctor or emergency person will need to know in case of an accident, and please keep the information up to date. Phone 457-2941 for further information. Also cold air masks are available for anyone in need of them, i.e. bronchial, chest and heart problems. The masks are made available by the Victoria-Haliburton Lung Association for distribution free of charge. If you need one or know of someone who does, please drop into the office of the Haliburton County Home Support Services.

I hope Joan Bowman is feeling better from her bad cold.

The same goes for Joan Freeman who has a cold but didn't let it deter her from taking three firsts on her homemade fudge at the Bobcaygeon Fair. Congratulations Joan, you did well at all the fairs this year.

Don't forget the upcoming St. James Anglican annual turkey dinner to be held at the Kinmount Legion, October 20 from 4:30 p.m. to 7:00 p.m. Adults: \$6, children: \$3.50. Come out and enjoy an old-fashioned home-cooked meal and lots of home-baked pies.

A very happy anniversary to Ada and Les Thomas of Norland who celebrated their 58th on the fourth of October. George and Flo Bluet

We thank our bingo callers Thursday night, Dave Stevens and Bev Jewitt. The players say that they were really good and knew how to do it.

Well readers, Thanksgiving time again is here. Let us be thankful for all our blessings over this past year.

BRUCE MEDCALF

Private Bruce Medcalf has recently graduated to Corporal at Recruit Training, CFB Cornwallis, Nova Scotia, where he is stationed. He is the son of Mr. and Mrs. Bruce Medcalf of West Guilford and grandson of Mr. and Mrs. Bruce Medcalf St. of Hamilton and Mr. and Mrs. Francis Cooper of Hamilton.

Norland Natter

By KELLY GRAHAM

Hi! I hope you all had a great Thanksgiving. I don't know about you, but I certainly enjoyed the extra day off.

Last Monday and Tuesday my friend, Tracey Cook, and myself were fortunate enough to be selected from the Fenelon Falls student council to attend a two-day leadership conference in Oakville. We stayed free of charge at the Holiday Inn in Oakville and attended seminars on goal-setting, time-management, and conflict resolution. We also attended a special dance and activity night on Monday. All in all we met a lot of new people and gained a lot of valuable experience.

Now, here's some news from Coboconk Public School - On Wednesday, October 10 Coboconk Public School had a meet-the-teacher night. The night gave parents an

opportunity to meet and chat with their child's teacher.

At Norland Public School a walk-a-thon is being planned for Saturday, October 13. Money raised will benefit the students.

As I mentioned before the Kids' Co-op Cookbook is now on sale. Here's a small sample of the great recipes it contains. Forgotten Cookies - ingredients: 2 egg whites, 1/2 cup sugar, 1 cup chocolate chips, 1 cup rice krispies. Beat egg whites until fluffy, continue beating and add sugar gradually. Beat until stiff peaks form. Stir in chocolate chips and rice krispies. Drop by teaspoonfuls on ungreased cookie sheet. Place in preheated oven of 350 degrees. Turn oven off and leave cookies in oven for at least eight hours.

Well, looks as if that's all for this week. If you have any interesting news you would like to see in print, don't hesitate to call me at 454-3707.

Gooderham News

By MARY HADLEY

Thomas Nesbitt with his sister-in-law, Frances Rutledge, visited Tommy and Vivian Dovell last week. He was accompanied by his brother-in-law, John Rutledge and his daughter, Dr. Esther Rutledge, both from Northern Ireland. A few years ago Thomas Nesbitt bought the farm formerly owned by Tommy Dovell on Trooper Lake. He and his wife lived here for some years before moving to Keene.

Visitors with Army and Jean Goff were Army's brother, Reginald, and his wife,

Verla, from Arizona. They all enjoyed a Thanksgiving dinner with their daughter, Cathy, and her family at Newmarket.

Leslie James has sold his home on Pine Lake to Clayton Cain. He is now living in Thunder Bay. We are sorry to lose a kind friend and good citizen but welcome Clayton and his wife, Shirley, to our midst.

Margaret and Moe Woods of Oshawa visited Mrs. Mae Pickens and her daughter, Vanieta, last week.

Mary Bacon has returned after an enjoyable trip to England and Scotland where she visited her brother and

his family as well as other relatives there.

Last week Brian and Peggy Dermott enjoyed a cruise from Orillia on Lake Couchiching, the Severn River and Sparrow Lake. Here they had dinner at the Grandview Lodge.

Congratulations to Ruth and Robert Madill who celebrated their 25th wedding anniversary last Saturday at the home of Ruth's mother, Violet Billings. Other local relatives joined in the festivities.

Larry and Birdie McGauhey of Barrie visited George and Marion Maxwell as well as Tommy and Vivian Dovell last Wednesday.

Carnarvon News

By ANN MCKAY

The Thomas families and the Jack Barnharts were in Kirkfield on Saturday attending the wedding of Miles Davis and Cheryl Thompson. Miles is the son of Albert and Doreen Davis of Kirkfield.

Mr. and Mrs. Harvey Russell and Dee Jennings were visitors in Whitby for a few days last week.

Mr. and Mrs. Bill O'Reilly were in Aurora several times in the past while. Barbara's mother is very ill in Newmarket hospital. We send our prayers and best wishes.

Mrs. Rosemary Pigat and sons of Toronto spent the Thanksgiving holidays with the Bill McKay's.

Congratulations to Mr. and Mrs. Bob Fletcher on the birth of their first grandchild, a boy.

It was nice to hear that Canada's own Anne Murray has again won two awards at the Country Music Awards in Nashville on Sunday night.

Having their families around them for the Thanksgiving holidays were: Mrs. Grace Renouf, the Stan Archers, Max McKays, Cecil

Pennys, Jack Barnharts, Bill McKays, Ross Harrisons, Edith Russells, and I am sure most other families too but I have not heard. Please phone in items of news and interest to 489-2924.

Our lakes and villages are quiet again and cottages are taking on that closed winter look. The color was lovely for the long weekend with lots of people moving around in spite of some rain. We hope all our summer residents and visitors had a great summer and are looking forward to coming back.

West Guilford News

By E. COOPER

There were many friends and relatives in the community over the weekend. Some of these included Dorothy and Murray Hadlow and Mrs. Smith, Dorothy's mother, guests of Carol and Ted Duncan. Gail Sawyer was home, and Peggy Pauw and family were at Carl Sawyer's. Paul Madden, Alan Cooper, Barry Boice, Rodney Sisson and J'Nan and Mike Yateman also enjoyed the weekend here with their families.

The Ken Chumbley family

spent the weekend with Valerie's sister and family, the David Chumbleys in Oshawa.

Mrs. Stan Cooper had guests from Timmins and Toronto: Ken and Shirley Rapson, their son Martin, and daughter-in-law, Mrs. Wanda Rapson.

The Perry Morrison's guests included Mrs. Turriff, Mrs. Wheeler, and cousins from Picton, the Mabee family.

Musicians and dancers are practising for the St. Andrew's Day concert held annually at the end of No-

vember at the Recreation Centre. The centre hosted the dance last Friday for Robert Griffin who has recently had surgery. The event was well attended. Ed Whiteway provided the music.

LET'S
SEE YOU
DO IT...
OUTDOORS!

Hold your breath and read this.

If your chimney is defective, your house may be feeling just like you do right now.

Because heating systems take in oxygen and release carbon dioxide. Just like you do.

But when a furnace can't get enough oxygen, or carbon dioxide can't escape, your house can't "breathe". Carbon monoxide can be created and that is a dangerous situation for you and your family.

A clean and clear chimney is necessary to vent your furnace properly.

Here are some warning signs of chimney deterioration:

☐ loose mortar and bricks
☐ white powder or water stains on chimney above roof
☐ water stains at the chimney's clean-out door

YOU MAY NEED A CHIMNEY LINER TO PREVENT EROSION OF THE MASONRY.

For your safety, and for your peace of mind, have your heating system and chimney inspected and cleaned annually by a qualified contractor. You and your house will both breathe a sigh of relief.

Minden News

By MAIZIE AUSTEN

Sincere sympathy to the family and friends of Laura Harrison.

Wilferd and Phyllis Ackerblade had family from Warsaw and Oshawa visit with them last Monday: Eileen Keller, Dwayne, Nancy Harrison and family, Art and Elaine Wright and Tammie, Tania and Raymond.

A speedy recovery to Fred Walker who has spent time in Peterborough hospital.

It was nice to see Arnold Gartshore out and about town last Friday after spending some time in hospital. I hope you are feeling better, Arnold.

Belated happy birthday to Mary-Lou Packard, whose birthday was October 5.

A very happy 87th birthday to Bert Harrison on Friday, October 12.

If anyone has any news for me to include in my column, please call 286-3607. Thank you.

A thought for the day... It is important to tell other people what we stand for - and also what we won't.

Don't forget the movies for the children at the Library/Cultural Centre on Friday, October 12 from 7:15 to 8:15.

Charlie Palmer visited with friends in Lindsay last Sunday and dropped in for a few minutes on his way home. I hope your cold is better soon, Charlie.

There will be a War Memorial Show at the Agnes Jamieson Gallery from November 1 to November 26. The exhibition of art and memorabilia pays homage to the veterans of two world wars.

Happy birthday to Phyllis Ackerblade on Saturday, October 13.

Household Hint! Grease glass bowls before putting scallop potatoes or baked beans into them and the bowl will not be so hard to wash.

A speedy recovery to Jeffrey Packard who has just returned home from hospital.

Don't forget St. Paul's Anglican Thrift Shop will be open every Friday from 1 p.m. to 4 p.m.

I was surprised last Saturday morning when I answered my telephone. I picked up the receiver and said "Hello". Someone started to sing happy birthday to me. It took me awhile to think who would do that. The call came from Anita Wiseman from Sault Ste. Marie. She also said to say hi to all their friends from the Minden area and said that they missed all of you.

Don't forget CHACE Place's concert on Saturday, October 13. Sandra Beech will be bringing her musical magic to the Haliburton Highlands Secondary School

from 2:00 p.m. to 3:00 p.m. Tickets are available at CHACE Place. Call 457-2989.

This week's recipe: Pickled Beets... 3 cups white sugar, 3 cups white vinegar and 12 cloves. Cook beets until tender and slip off the skins. Put the beets in sealers. Bring vinegar, sugar and cloves to a boil, pour over beets in jars and seal tight.

The Thursday afternoon card parties have started again at St. Paul's Anglican Church. The games start at 1:30. Last week winners were the following: Pearl Cowan (lone hands on a cut); others, Verna MacDonald, Frank Dunsford, Muriel Proctor and Charles Beherrell.

That's all for this week. Drive with care and watch for the younger ones and the school buses. I hope to see you all next week.

Dorset News

By PHYLLIS BRISCOE

"Add a touch of loveliness to things you do and say, give pleasure to more people by a happy smile, today."

The busloads of sightseers have been in the village the past couple of weeks to see the beauty of the colored foliage in the area. Is it my imagination or are the colors not as brilliant this year as usual? There are some individual trees that stand out in their vivid hues but the overall scenery doesn't appear as spectacular as it was last year. However, it is still a sight to behold and I am sure that the travellers find it well worth their bus trip.

The municipality has continued the new sidewalk from the top of Pill Hill as far as the Dorset garage. However, they narrowed down the width a great deal making it very narrow. Needless to say the local citizens are not too happy with it. I suppose we should be happy for small favors.

The foot clinic will be held on October 17 at the Dorset public school. For those who didn't make an appointment last month at the clinic please call 766-2237.

We understand that Eric Hamilton, a long-time summer resident on Paint Lake, has returned to his home in Toronto. We hope he enjoys a happy and healthy winter.

I had a very pleasant trip to Toronto last week with my brother Leon McKee and his family Joyce and David.

The Dorset Senior Club had to cancel their meeting last week due to the fact there were so many away as well as several in the hospital. A group is attending Aqua-Fitness classes at Hidden Valley each Tuesday and all seem to be enjoying it a great deal.

Our best wishes are ex-

tended to Bea Seedhouse who has been a patient in Huntsville hospital. We hope she has a hasty and complete recovery.

If anyone has any news, please give me a call at 766-2237.

H.H. If you have leftover coffee cream, you can freeze it and use later in tea or coffee. Thaw it, shake well and then scald and it will not curdle as it sometimes does and just shaking doesn't always do the trick.

- Intended for last week -

"Inflation is an economic process in which a nest egg is converted into chicken feed."

It's been said, "If winter's here can spring be far behind?" Now we wonder, if fall is here, can winter be far behind? Something miserable crept up on us last week when we experienced a couple of chill nights with frost warnings, although there was no evidence of any in the immediate area. There were rumours that there were a few flakes of that white, fluffy stuff nearby. However, at this time we haven't suffered any disturbing symptoms of winter weather for which we are thankful.

Bishop of Algoma, Les Peterson, visited St. Mary Magdalene's church on Monday evening, where he officiated at a service of Holy Communion. The service was attended by parishioners from the Anglican Lake of Bays Mission churches, St. James, Port Cunningham; St. Ambrose, Baysville and St. Johns, Fox Point, as well as the Dorset congregation. The Service was followed by a reception in the Sunday School room where the Bishop visited and became acquainted with the people, this being his first official

visit since becoming Bishop just over a year ago.

There will be a registration for Brownies, Guides and Pathfinders on Wednesday, October 10 at 7 p.m. at the United Church. There is a fee of \$5 for registering.

The Lake of Bays Township have just completed the second phase of the new sidewalk in our village. We will be happy when they have finished off the driveway entrances so we can drive in and out without scraping.

Coboconk News

By SHEILA LAKE

Get well wishes to Howard Magee who has been a patient in Princess Margaret Hospital, Toronto. His brother Frank and Etta Magee of Sault Ste. Marie have been visiting her sister, Gladys and Charlie Routley, and his brother Howard.

Sympathy goes out to Jack Cooper in the death of his wife, Rose. Jack and Rose were new to Coboconk when they bought Elmer and Shirley Bowins house on Lime Street. They later sold that and bought a house across from Brynne Manor golf course just west of Fenelon Falls.

Winners in the September 25 seniors euchre and bridge

games were as follows: euchre: Viola Dixon, 76; second, Laura Irvine, 73; lone hands, Eunice Kingdon, 5; consolation, Marj Fountain, 37; gent's first, Hilda Chynoweth, 69; second, Joan Bowins, 68; most lone hands, Howard Stewart, 3; consolation, Don Barker, 45; bridge, Dorothy Grant, 4610; second, Betty Harwood, 4090; consolation, Marion Holland, 1280.

Ella Caister is home from hospital. Sanford and Fanny Richman celebrated their 65th wedding anniversary on October 1. Daughter, Willemine and husband Herb Fell of Coldwater and family made the day a memorable occasion.

COUNTY OF HALIBURTON ROADS DEPARTMENT EMPLOYMENT OPPORTUNITY

Applications will be received by the County Engineer for the position of Mechanic for the County Roads Department until Monday, October 22, 1984.

Applicants are to hold a valid Class "A" Motor Mechanics licence, Class "A" Driver's Licence and have extensive experience with diesel equipment and welding experience.

Further information and application forms are available from the County office from 7:00 a.m. to 5:00 p.m., Monday to Friday.

Wilberforce News

by WINNIE SCHOFIELD

In answer to our request for further extension of TV Ontario service a letter from Susan Fish, Minister of Citizenship and Culture, states that studies have recently been requested to ascertain the availability of channels and the expenditures required to complete the network extension program throughout Ontario. When this information is received it is expected that a viable plan for financing and construction of additional transmitters over the next few years will ensure complete provincial coverage. It sounds as though our reception from

this program is a long way off but at least a start has been made and Susan Fish has promised to keep us informed about future progress.

We were blessed with beautiful weather for the Thanksgiving weekend and the Octoberfest, held in the Memorial Centre on Saturday drew a good crowd of tourists, many of them here for cottage closing and to say goodbye until next year. The event at the hall was disappointing being short on interest this year with fewer display tables and the absence of any form of refreshments. Some effort should

be made to cater to the needs of the visitors. If the selling of German food produces no profit a cup of coffee and a doughnut may be all that is needed. The evening dance was well attended even though there were many other places of entertainment operating at this time.

A draw for the cabbage patch kids, sponsored by the library, resulted in first prize going to Mrs. Edith Herbert, who was visiting for the weekend. The second prize was won by Tammy Lee of Wilberforce. The library would like to thank all those who contributed articles for their very successful sale.

At the Legion hall on Saturday evening a very nice crowd of people attended a

housewarming party for Mr. and Mrs. Collins. This couple, tourists, had lost their home in a fire some months back. They have now rebuilt their home and are retiring to live in this area. Their many friends, most of them cottagers from Toronto, organized this housewarming at the Legion hall. They brought their own music along and everyone had a super evening. Many lovely gifts for the home were received.

The Tory Hill Recreation Centre is looking spiffy these days after being completely overhauled and made beautiful. Card parties have resumed and are being held Wednesday evenings at 8 p.m.

Northern Lights

from Page 8

the hostess's place, and where do they take you? Down cellar. Mind you, some of those basements are better looking than my livingroom, but I don't care if they were designed by Gucci. A cellar is still a cellar. And cellars are for storage and hobbies. And cellars are cold. If you do manage to get upstairs into the real house (I use the need of the facilities as my excuse), you invariably find that the hostess has obviously spent hours cleaning the rest of the place just for this occasion. So, I ask you, why won't she let us use it?

COMPLETION OF HIGHWAY STUDY

Highway 648, From West Junction Highway
121 Northerly to Wilberforce Bridge.

The Ministry of Transportation and Communications (M.T.C.) has completed a study which will result in the construction of: W.P. 26-79-01, Highway 648, from the west junction of Highway 121 N'ly 7.8 km. to Wilberforce Bridge, District 10 - Bancroft.

This work will involve Grading, Drainage, Granular Base and Paving.

This is a M.T.C. Provincial Highways Program Environmental Assessment Group B Project. The study has followed a planning process approved under the Environmental Assessment Act, 1975. As required by this approval, an Environmental Study Report has been filed with the Environmental Assessment Branch of the Ontario Ministry of the Environment (M.O.E.) and is available for public review at the following locations:

Monmouth Township Municipal Office

Foster parents wanted: long hours, hard work, great rewards.

Being a foster parent is tough job. It's full-time. Twenty-four hours a day. Often frustrating, and always demanding of your patience, energy and love.

Yet despite its demands, or maybe because of them, thousands of people take foster children into their homes each year.

Some are children, some are teenagers. Some have special physical or emotional needs. But all have one thing in common. They need a sense of place and security to help them through a difficult period in their lives, and to prepare them for reuniting with their families.

There's a very basic joy in sharing with a child or young person some of the richness that life has given you.

As part of a team of social workers and other professionals, you'll be helping foster children and their parents when they need help most. And helping yourself at the same time, to mature and grow as an individual.

If you'd like to learn more about becoming a foster parent, contact your local Children's Aid Society or Family and Children's Services.

It's not an easy task. Few jobs demand more of a person. But fewer still give more in return.

KAWARTHA-HALIBURTON CHILDREN'S AID SOCIETY
33 William St. N.
Lindsay, Ontario - 324-3594

WINTER'S NEAR THE HONDA SNOWTHROWERS PRE-SNOW SALE IT'S A HONDA

When the winter covers the ground with snow, uncover it with the help of a Honda snowthrower. The HS55. Or HS35.

Both models feature an adjustable chute and deflector that allows you to point the snow where you want it to go. Both have a reliable Honda four-stroke engine. With oversized mufflers so the noise level won't level your neighbours.

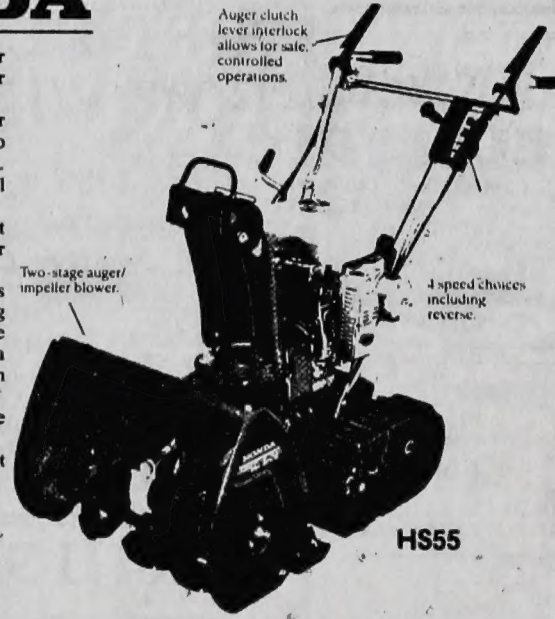

And there's also an easy-to-get-at control panel that lets you control levers and knobs while keeping your gloves on.

Honda's bigger model, the HS55 two-stage blower, has a few extras of its own. Like a ground hugging dual-track drive system that eliminates the need for tire chains. Four speed choices, including reverse. And a weight (under 80 kg) that's lighter than most models in its class.

If you want to move some snow this winter, see the HS55 or HS35 Honda snowthrower. Then come out singing, "Let it throw, let it throw, let it throw."

WE ARE MEMBERS OF A.E. LEPAGE COAST TO COAST REFERRAL NETWORK

BILL
PAYNE
REAL ESTATE LTD.

Thank you for an excellent year. We have enjoyed representing and selling many, many properties this past season. We are now anxious to list more of your properties so we can catch the last of the selling season this fall, and be ready for the Spring Market at the Sportsman Show in March.

This being the colour season is an excellent time to take pictures so the cottages and homes can be presented in the best possible way.

If you are contemplating selling your property this fall or in the spring, please call us as soon as possible so we might capture your cottage or home at the most opportune time.

SPORTSMAN SHOW
MARCH 15 TO MARCH 24, 1985

WE WILL BE THERE

To explain to the thousands of potential buyers why they should choose our beautiful part of the province for their relaxing pleasure.

WE NEED YOUR HELP!

Your properties are what these buyers want, but if we don't display them at the Show, it may be some time before they know about your cottage, lot, acreage, home, business, etc.

LET US TAKE YOUR PROPERTY TO THE BUYER
After many years experience at the Show it has proven that the early buyers are just waiting to see what is on the market. It also establishes for us what type of properties the buyers are looking for.

LET US WORK FOR YOU

THANK YOU

I wish to thank friends and neighbours for the cards, gifts, calls, prayers and get well wishes. Special thanks to Dr. McEnery, Dr. Norrie, Dr. May and the nurses and staff of the 5th floor, Hutchison Wing at Peterborough Civic Hospital. Donna Bowen 27-P-10

On behalf of the Haliburton Highlands Guild of Fine Arts and the Rails' End Gallery, I would like to express my sincere thank you to all those who helped to make the weekend of the Canadian Craft Conference such an extreme success. The willing support of all the volunteers is what makes this community such a very pleasant place to live, and the feeling was extended to our many visitors from all across Canada. I am sure they all left Haliburton as Ambassadors of good news as to the beauty of the Highlands and your generosity of time will have far reaching, positive effects on our area. Thanks again. Linda Beachill President, Haliburton Highlands Guild of Fine Arts 27-CA-10

THANK YOU

To doctors and nurses in Minden Hospital and Peterborough Civic Hospital, both emergency ward and second floor, my deepest thanks; their patience and endurance is remarkable. To all who so kindly made enquiries, sent cards and flowers, my sincere thanks. To one and all, my gratitude. J. Bernice Shaw 27-P-10

Pennsylvania. Funeral service was held in the chapel of the Dixon-Garland Funeral Home, Markham on Tuesday, October 9. Interment Resthaven Memorial Gardens, Scarborough. 31-B-10

IN MEMORIAM

E. LaVonne Gardiner - In loving memory of a dear daughter who passed away October 11, 1981.

Sadly missed; the loss of one we loved so well. And while she sleeps a peaceful sleep Her memory we shall always keep.

Sadly missed by husband Ron and father, Fred. 32-P-10

SAWYER, Clare - In fond and loving memory of a dear husband, who passed away October 10, 1982.

As time unfolds another year Memories keep you ever near. Silent thoughts of times together Holds memories that will last forever.

Sadly missed but lovingly remembered, Wife Josephine 32-P-10

SAWYER, Clare - In loving memory of our father, who passed away October 10, 1982.

A page in the book of memories Silently turns today, We remember him in silence, And make no outward show. What it meant to lose him, No one will ever know.

Sadly missed and fondly remembered by Jack, Garry, Deloris, Bud, and daughter-in-law Betty. 32-P-10

SAWYER, Clare - In loving memory of a dear grandfather, who passed away October 10, 1982.

Gates of memories will never close, We miss him more than anyone knows. With tender love and deep regret, We who loved him will never forget.

Lovingly remembered by Randy, Sherry, Scott, Laurie and grandson-in-law, Tim. 32-P-10

SAWYER, Clare C. - In loving memory of a dear father and grandfather who passed away October 10, 1982.

What we would give if we could say "Hello Dad" in the same old way. To hear your voice, see you smile To sit with you and chat awhile. So you who have a father Cherish him with care. For you will never know the heartache 'Til you see his empty chair. Continued

IN MEMORIAM

Sadly missed by daughter Devona, son-in-law Al and grandchildren. 32-P-10

EMMERSON, Edith - In loving memory of a dear wife and mother who passed away suddenly October 7, 1978.

The golden gates stood open Six years ago today. With farewells unspoken You quietly slipped away. Somewhere beyond the sunset Where the beauty never dies You rest in the beautiful garden Beneath God's golden skies.

Lovingly remembered by husband Maurice and daughter Melissa. 32-P-10

Goat society news

By ERNEST HILLS

Again this year the Haliburton Highlands Goat Society was pleased to have co-operated with both the Haliburton County Fair and the Kilmount Fair in maintaining the excellent quality of the dairy goat shows. This year, at last, featured well over 100 goats in competition at both fairs. Acknowledged among the participants were some of the most accomplished herdspeople in Ontario, who showed some of the top bloodlines in dairy goat breeding.

Shirley Steele again this year provided competent and thorough judging at the Haliburton County Fair. Suzanne Bishop persevered through the atrocious weather conditions at the Kilmount Fair, in providing top-notch judging in some difficult classes. Shirley Steele hails from the Orillia area, while Suzanne Bishop travelled from Elora, Ontario to judge the respective shows. We in the Haliburton Highlands Goat Society are pleased to be able to arrange for such outstanding and highly qualified individuals to judge at these shows. We wish to express our gratitude to both judges for a superlative effort, and for the encouragement expressed to our organization.

For the second year, at the Kilmount Fair, the Goat Society held a draw for \$100, with a second prize of \$50. We are pleased to announce that Mrs. Bea Hancock of Irondale was winner of the \$100 and Mrs. Helen Gribben of Toronto was winner of the \$50. Thanks to all who sold tickets and to everyone who supported the Highlands Goat Society. A note of appreciation as well to Bill Scott and Suzanne Bishop, who honoured us by drawing the winning tickets.

On Saturday, September 29 the Goat Society celebrated the end of summer with a gathering of the membership for a chevron bar-b-que. The gracious hospitality of Mau-

rice and Carol Bradley of Harcourt was extended to the club, where the membership and their families gathered. An excellent turnout enhanced the festive atmosphere of

the occasion, with a chance to unwind after the hectic summer.

As usual the pot-luck supper presented a repast of vast magnitude, with salads

and chili, homemade butter and rolls, cold cuts and fresh tomatoes. The chevron burgers, ably grilled by chefs Bradley, Alger and Jordan, were kindly provided by

Sharon and Roy Greer. They were delicious.

The use of goats as meat has been slow to develop in North America, however world-wide chevon (goats' meat) remains one of the most popular and widely consumed meats. Part of the emphasis of the bar-b-que was to encourage the use of goats' meat among our own membership. Judging from the amount consumed I would say the effort was a great success, and I can personally attest to the delightful taste and quality of the burgers.

The fund raising committee organized a penny table, for which we would like to thank those who donated to the cause. The evening provided a fun time for everyone, with party games for young and old, in what I am sure was a delightful time for all. Thanks to all who participated.

Dates to remember: November 17, Saturday, the Goat Society is sponsoring a dance featuring a live band. Be there!

from page 5

person. Someone steps on your foot and you say "Oh, I'm sorry" as if you had left your foot out there carelessly in their way.

Of course, there are always people who do not conform. It is shocking when someone does not do the "fine, thank you" routine but begins a detailed account of how they really are - complete with day to day difficulties. They are the ones you avoid next time you are in town.

I often wonder what would happen if someone would answer the "how are you" with an exuberant account of happiness, with wonder at amazing good future, luck running over and life just too good to be true. I imagine hearing something like that would really be upsetting. It's very difficult to handle a lot of pleasure - particularly someone else's pleasure. "She'll pay for that," we would think just as we all know we will pay up for three good days in March with a blizzard in April.

The odd time someone does reply to the how are you with a good honest "rotten" or "terrible thank you" or "I've been worse". When that happens, things really get interesting. You know that person has something quite shattering to tell. The best idea is to go for lunch and get right into it.

Now how do I end this? Write to you later.

Norland men relive memories

By KELLY GRAHAM

Memories of a long-ago fight were recently relived by two Norland residents, Vernon and Jack LeCraw. On September 6 the World War II veterans returned to Europe to learn that their long-ago battles are not so distant in the minds of the European people. They visited England, Belgium, Holland and France thoroughly enjoying their travels. Vernon does have one negative comment about France, however. He says "the French are not very hospitable" and are uncooperative. He would not recommend the trip to anyone who lacks a basic knowledge of French unless they go on an organized tour.

They say they received the greatest reception in Holland. It was there that long-ago deeds were honoured. In the town of Almelo, Holland, the townspeople held a reception for them in the town hall. There they were presented with a coat-of-arms and escorted on a tour of the fire hall. They were also interviewed by local newspaper reporters. In fact, just last week two copies of the Dutch newspaper featuring the story on them was sent to their homes in Norland.

Unknown to Jack, a statue erected in honour of the troop he fought in also stood in Almelo. It was a moving experience for him when he realized its presence. Throughout the towns they toured in Holland the townspeople showed their appreciation by treating them with respect and kindness. The astonished men found meals, hotel rooms and souvenirs were all free to them.

Although much of the trip was spent sight-seeing, Vernon was able to contact the family he stayed with while stationed in Almelo. In honour of his return the family held a reunion for which members came from all over (including Switzerland) to see him.

While in France, the two men visited some cemeteries where those killed in the war were buried. After much searching they discovered the resting place of a Norland resident, a son of the late Percy O'Brien, who had three sons killed in the war.

All in all they had a wonderful time and were able to glimpse the past, a past where they were young soldiers fighting to liberate the occupied countries.

FOR CHILDREN OF ALL AGES!

The front runner on the back forty.

There's a new farm hand for hire this year: the Honda ATC250SX. It's a brand new machine, the muscular younger brother to our fully-equipped Big Red. A shorter wheelbase and more compact chassis make the 250SX light on its feet. But a specially designed 246 cc four-stroke

engine lets it dig in its heels, delivering maximum power and torque at low and medium engine speeds. And of course, like all Honda ATCs, the 250SX also has the know-how to get foot-loose and just have fun. Featuring shaft drive, reverse gear, and full front and rear

suspension, the 250SX has everything you need to do the job right. It may be new to the game, but the 250SX works like an old hand.
